Introduction

Purpose

The WSBA Fiscal Policies and Procedures Manual (Manual) contains all WSBA fiscal policies and procedures. The Manual is available to all WSBA employees to promote organization-wide adherence to documented policies and procedures. Except for fiscal policies that must be approved by the Board of Directors as expressly indicated in this Manual, all fiscal policies and procedures set forth herein may be updated by the Executive Director and/or Chief Operations Officer from time to time as procedures, information, or Generally Accepted Accounting Principles change.

Fiscal Year

The WSBA's fiscal year is October 1 through September 30.

Basis of Accounting

During the fiscal year, the WSBA uses a **combination of cash and accrual accounting**. The following items are recorded on a cash basis:

- Bar exam fees
- MCLE fees
- CPF assessment fees
- Miscellaneous revenue (Recovery of Discipline Costs, Diversions, Practice Fees, etc.)
- CLE seminar expenses
- Most other WSBA expenses

The following items are recorded on an accrual basis monthly:

- License fees
- CLE product sales revenue and cost of goods sold
- CLE seminar revenue
- Rent
- Insurance
- Personal Property Taxes
- Most payroll-related expenses

For annual financial reports, the WSBA uses the **accrual basis** of accounting. Therefore, items that may have already been paid and booked as an expense, but for which the corresponding revenue has not been collected or the benefit has not been received, will be moved to "Deferred Costs." Revenue that has not yet been earned will be moved into "Deferred Revenue."

WSBA's Internal Control System

This Manual is part of the WSBA's internal control system. An effective internal control system encourages adherence to prescribed policies; promotes operational efficiencies; protects the business assets from waste, fraud, and theft; and ensures accurate and reliable accounting data.

The broad principles of internal control are:

- Responsibilities should be clearly identified and established, with one person responsible for each task.
- Adequate records should be maintained. Good records are an important means of protecting assets, ensuring that employees follow prescribed procedures, and providing management with reliable information to monitor business operations.
- Assets should be safeguarded, protected and insured.
- Record keeping should be separated from custody. Segregation of duties requires that the person who has access or is responsible for an asset should not maintain the accounting record for that asset.
- Responsibility for related transactions should be divided. This provides checks and balances for the related tasks (i.e., the work of one employee acts as a check on another).
- Computerized and mechanical devices should be used whenever possible as they reduce the human error and intentional inaccuracy in routine tasks.
- Regular reviews of the system of internal controls should be conducted, to ensure organizational compliance with policies and procedures.

See Chapter 8 for more details on the WSBA's internal control policies.

Chapter 1: Key Fiscal Policies

Responsibility for WSBA Finances

Fiscal Management

The Budget and Audit Committee of the Board of Governors oversees budgeting and financial matters of the Bar. The Chief Operations Officer serves on the Budget and Audit Committee and is in charge of the Bar's financial operations.

WSBA management is responsible for producing complete, accurate financial statements. The Finance and Administration Department is delegated the responsibility to implement WSBA's fiscal policies by performing the accounting and bookkeeping functions for the WSBA. Department directors are responsible for preparing their department/cost center budgets, monitoring their monthly financial statements, reviewing back up for accuracy, collecting revenue or receivables related to their cost centers, approving expenses, and enforcing the WSBA's expense policies. These tasks may be delegated to others, but department directors are ultimately responsible for the fiscal issues related to their departments.

The structure of the Finance and Administration Department is set forth below (these persons are referred to throughout the Manual):

Board of Governors

With ultimate responsibility for the fiscal health of the WSBA, the Board of Governors approves or sets all *significant* fiscal policies. The following policies are deemed to be significant and must be approved by the Board of Governors:

- Budget and Audit Committee Charter (Chapter 1)
- Fiscal Responsibilities Matrix (Chapter 1)
- Budget Policies (Chapter 1)
- Selection of Independent Auditors (Chapter 1)
- Investment Policy (Chapter 2)
- Resolution Authorizing Banking Relationships (Chapter 2)
- Unrestricted and Restricted Fund Balance Policy (Chapter 4)
- General Expense Reimbursement Policy dollar limits for meals and lodging (Chapter 6)
- Purchase of Alcohol for Bar Functions (Chapter 6)
- Expense Policies for the WSBA Officers and Board of Governors (Chapter 6)
- Executive Director Expense Policies (Chapter 6)

Board of Governors Budget and Audit Committee Charter

Composition

The voting members of the Budget and Audit Committee shall consist of the following: at least one governor from each class, not to exceed seven governors, one of whom shall be the Treasurer; the President; and President-elect. Up to two additional non-Board of Governor voting members may be appointed by the President subject to the approval of the Board of Governors. The Executive Director and Chief Operations Officer shall serve as *ex officio*, non-voting members of the Budget and Audit Committee. The Board of Governors elects the Treasurer of the WSBA, who also serves as chair of the Budget and Audit Committee.

Purpose

The purpose of the committee is to take actions as empowered by the Board of Governors and review and make recommendations to the Board of Governors on financial matters of the WSBA as outlined in the Fiscal Responsibilities Matrix. Some of these duties are noted below:

Activities

Annual Budget and Long Range Financial Planning

1. Review and revise drafts of the WSBA's annual budget and recommend approval of a final budget to the Board of Governors.
2. Review long-range financial projections and the revenues, including member license fees, needed to meet long-range needs. Make recommendations to the Board of Governors for increases in license fees when necessary.

Approvals

1. Approval expenditures within limits and parameters set forth in the Fiscal Responsibilities Matrix.

Financial Reports

1. Review the interim management financial reports and report highlights, key information, major variances from budget, and any concerns to the Board of Governors. Recommend corrective action if needed.
2. Review the preliminary year-end management financial reports and report results compared to budget to the Board of Governors.
3. Review status and performance of investments per the WSBA Investment Policy.

Annual Audit

1. Recommend to the Board of Governors the engagement of the independent auditors to perform the annual audit of the WSBA's financial statements.
2. Meet annually with the independent auditors to receive their report on the audit of the financial statements and review their recommendations for improvements on internal controls.
3. Recommend to the Board of Governors the engagement of independent auditors/accountants to perform other reviews, when deemed appropriate.

Recommend Significant Financial Policies

1. Recommend to the Board of Governors the WSBA's Investment Policy.
2. Recommend to the Board of Governors the WSBA's Fiscal Policies.

Quorum

A quorum shall consist of a majority of the voting members.

Budget and Audit Facilities Advisory Committee Charter

Composition

The voting members of the Facilities Advisory Committee and associated terms are as follows:

- Treasurer (chair/1-year term);
- Executive Director (permanent member);
- Chief Operations Officer (employee liaison/permanent member);
- One member of the Budget and Audit Committee (1-year term);
- No fewer than three representatives from the real estate industry who have expertise in one or more of the following areas (2-year terms):
 - Real estate law (i.e., real estate attorney);
 - Commercial real estate brokerage, especially the downtown Seattle and regional real estate markets;
 - Commercial real estate appraisal;
 - Commercial construction management;
 - Architecture and/ or space planning; and
 - Commercial real estate lending.

No voting member of the Facilities Advisory Committee will be eligible for any business contract or other business arrangement with the Washington State Bar Association relating to any matter that is within the scope of the Committee's activities. No former voting member of the Facilities Advisory Committee will be eligible for any business contract or other business arrangement with the Washington State Bar Association relating to any specific transaction or proposed transaction that was considered by the Committee while that person was a voting member.

Appointment Process

The Treasurer, Executive Director, and Chief Operations Officer shall serve as *ex officio* members. The member from the Budget and Audit Committee shall be appointed by the Treasurer. The representatives from the real estate industry shall be appointed by the President (the terms shall be staggered so that each President appoints at least one member during his/her term).

Purpose

The purpose of the Facilities Advisory Committee is to advise the Budget and Audit Committee on issues related to the WSBA's facility needs (i.e., lease or ownership of real estate to meet WSBA operational needs). The Facilities Advisory Committee is an advisory committee only and has no decision-making authority.

Activities

WSBA Facilities Strategy

1. Define and periodically review the facilities needs of the WSBA.
2. Identify key facilities decisions to be taken over a 10-year period and relevant market factors.
3. Review current and future estimated real estate market conditions and analyze how these conditions may affect the WSBA's decisions in connection with the ownership and/or lease of real estate.
4. Review proposed options and provide recommendations for dealing with end-of-lease and other transition issues, such as, for example, whether to renew the existing lease or look for new space and considerations relating to relocation of WSBA offices and other functions.

WSBA Facilities Reserve Fund

1. Periodically review the balance in the Facilities Reserve Fund and analyze whether such balance is prudent and adequate in relation to identified needs and decisions, current market conditions, future market projections, time remaining until the end of current lease, etc.
2. Make recommendations as to target Facilities Reserve Fund balances at future points in time, and suggest strategies and/or funding policies for meeting those targeted balances.

Quorum

A quorum shall consist of a majority of the voting members.

Fiscal Responsibilities Matrix

The objective of the Fiscal Responsibilities Matrix is to set forth levels of authority that promote an efficient management structure, transparency, and appropriate oversight of the Bar’s finances. According to WSBA bylaws, the Executive Director is responsible for managing the office and activities of the Bar under the direction of the Board of Governors, with power to employ and compensate employees within limits of the budget. In terms of managing the budget, the following guidelines shall apply (Note: approval authority may be exercised or delegated to the next higher authority at the discretion of the decision-maker):

Executive Director

The Executive Director is authorized to establish deposit and credit relationships, withdraw WSBA funds from banks, sign checks, and invest excess cash. Signatory authority may be delegated to any department director(s) except the Chief Operations Officer. The authority to make bank deposits, invest funds in accordance with the Investment Policy, and transfer funds between established accounts may be delegated to the Chief Operations Officer and appropriate accounting and finance employees following sound internal control practices.

Approves (Note: Executive Director may delegate approval authority to directors and other employees, as appropriate):

- reimbursement requests – may reject or modify requests to comply with expense policies
- service and program fees, including:
 - advertising rates
 - fees for copies of the WSBA's public records
 - fees for sale of member contact information
 - sales price of the *Resources* directory
 - sales price of CLE and WSBA publications
 - sales price of other WSBA merchandise
 - miscellaneous fees
- adjustments to employee salaries within adopted compensation plan
- in-kind contributions of WSBA to the Washington State Bar Foundation, or as a condition of applying for grant funds
- grants to WSBA, including negotiations of administrative fees
- unbudgeted expenditures that are offset by unbudgeted revenue, or reallocations of budgeted expenditures where there is a change of intent (this includes approval of new programs and significant expansion of existing programs, but does not include long-term commitments or future obligations of the WSBA), up to \$10,000 per item, or up to \$50,000 collectively during the fiscal year, where the overall bottom line of the annual budget is not affected

- reallocations of budgeted expenditures up to \$20,000 so long as the intent of the budgeted expenditure is similar or varies slightly (these types of expenditures and decisions are operational in nature)
- binding the WSBA to future expenses, as in contracts and agreements, for budgeted or operational expenses
- engagement of independent auditor selected for the up to six year period, annually; or may initiate the selection of the competitive bid process
- fiscal policies, where indicated in the specific policy

In the event of an emergency and when it is not feasible to get the approval of the Budget and Audit Committee or the Board of Governors, the Executive Director or Treasurer shall have the authority to approve expenditures that are necessary and prudent in order to implement the WSBA's Disaster Recovery Plan (e.g., natural disaster) or keep the WSBA operational (e.g., if the WSBA's computer network crashed). These expenditures may be beyond the capital or operating budgets, and may or may not impact the WSBA's reserves. The Board of Governors shall be immediately notified when expenditures of this nature are authorized.

Treasurer

Chairs the Budget and Audit Committee, is authorized to establish deposit and credit relationships, withdraw WSBA funds from banks, and sign checks.

Reviews/Approves:

- appeals to Executive Director's decision to reject or modify an expense reimbursement request
- the Executive Director's credit card charges, reports of expenses, payroll reports, and fringe benefits (quarterly)
- the year-to-date vendor payment listing (*quarterly; added September 2016*)
- supplemental budget requests from sections that exceed 25% of the section's annual expense budget or \$1,000, whichever is greater

CLE Board (commonly referred to as the MCLE Board)

Establishes/Approves:

- MCLE fees and fines for failure to comply with accredited sponsor reporting requirements (APR 11 Reg. 106(d))

Recommends to the Board of Governors:

- MCLE accredited sponsor application fees (APR 11 Reg. 106(b))
- MCLE Form 1 fees (APR 11 Reg. 105(d))
- MCLE fees and fines for failure to comply with rules and regulations regarding course accreditation and individual member compliance (APR 11.4)

Personnel Committee

Recommends to the Budget and Audit Committee:

- adjustments to employee compensation plan

Recommends to the Board of Governors:

- compensation of the Executive Director

Client Protection Fund Committee

Approves:

- gifts up to \$25,000 per applicant

Recommends to Board of Governors:

- gifts over \$25,000 per applicant

CLE Committee

Recommends to the Board of Governors:

- adjustments to the standard CLE seminar registration fees
- expenditures from the CLE reserve fund

LPO Board

Recommends to Supreme Court

- examination and annual fees (APR 12 Reg. 2(B); APR 12 Reg. (9))

Budget & Audit Committee

Reviews the long range financial projections and the revenues, including member license fees, needed to meet long range needs.

Approves:

- unbudgeted expenditures that are offset by unbudgeted revenue, or reallocations of budgeted expenditures where there is a change of intent (this includes approval of new programs and significant expansion of existing programs, but does not include long-term commitments or future obligations of the WSBA), between \$10,001 and \$20,000 per item, or between \$50,001 and \$100,000 collectively during the fiscal year, where the overall bottom line of the annual budget is not affected
- reallocations of budgeted expenditures between \$20,001 and \$50,000 so long as the intent of the budgeted expenditure is similar or varies slightly (these types of expenditures and decisions are operational in nature)
- Business Recovery Plan
- fiscal policies, where indicated in the specific policy

Recommends to the Board of Governors:

- bar application and admission fees
- all attorney license fees
- Lawyers' Fund for Client Protection assessment
- the annual budget and subsequent adjustments over \$25,000 (unbudgeted) or \$50,000 (budgeted reallocations)
- adjustments to the compensation plan (based on recommendation from Personnel Committee)
- fiscal policies, where indicated in the specific policy
- an investment policy
- adjustments to the standard CLE seminar registration fees
- expenditures from reserve funds
- engagement of the independent auditors for other reviews, when deemed appropriate

Reviews:

- monthly financial reports, including revenue and expenditure patterns; reports significant variances to Board of Governors
- reports of the independent auditors

Oversees the process of selecting an independent accounting firm to perform the annual audit, at least once every six years, and makes a recommendation to the Board of Governors.

Board of Governors

Elects the Treasurer

Approves/Sets:

- the annual budget and the following adjustments:
 - appropriation requests for expenditures from the unallocated contingency budget
 - unbudgeted expenditures that are offset by unbudgeted revenue, or reallocations of budgeted expenditures where there is a change of intent (this includes approval of new programs and significant expansion of existing programs, but does not include long-term commitments or future obligations of the WSBA), over \$20,000 per item, or over \$100,000 collectively during the fiscal year, where the overall bottom line of the annual budget is not affected
 - reallocations of budgeted expenditures over \$50,000 (where the intent of the budgeted expenditure is similar or varies slightly; these types of expenditures and decisions are operational in nature)
 - changes to the annual budget's bottom line
 - expenditures from reserve funds, in accordance with reserve policies
 - fiscal policies, where indicated in the specific policy
- investment policy
- banking authorities
- Keller deduction to license fees
- gifts from the Client Protection Fund (CPF) over \$25,000 per applicant
- long-term leases for WSBA office space or equipment
- selection of independent audit firm
- compensation of the Executive Director
- standard CLE seminar registration fees
- MCLE accredited sponsor application fees (APR 11 Reg. 106(b))
- MCLE Form 1 fees (APR 11 Reg. 105(d))
- MCLE fees and fines for failure to comply with rules and regulations regarding course accreditation and individual member compliance (APR 11.4)

Recommends to the Supreme Court:

- all attorney license fees
- CPF assessment
- bar application and admission fees
- legal intern fees
- law clerk program fees

Reviews/Accepts:

- quarterly financial reports
- reports of the independent auditors

Supreme Court

Reviews for Reasonableness – all attorney license fees

Approves:

- CPF assessment
- bar application and admission fees
- legal intern fees
- law clerk program fees
- LPO examination and annual fees

Budget Policies and Process

Overall Philosophy

The WSBA should prepare an annual budget and establish its budget by function ("cost center") insofar as practical to permit subsequent cost-benefit analysis. The budget for each cost center should include its revenues, its direct expenses, and its share of the WSBA's overhead (indirect) expenses. By knowing the total cost of each program or function, the Board can make policy decisions about which programs should be supported by member license fees, which programs should be self-supporting, and which programs should generate revenue for other WSBA functions or programs.

The budget should be a tool to plan for the coming year and help guide decision making. It is a policy-making tool for the Board of Governors, and gives employees direction on how and where to spend its resources. In order to be a useful tool, the budget should not be a rigid document that can never be amended – it can and should be amended if necessary. The budget can be amended by the Board of Governors, Budget and Audit Committee or Executive Director via decisions made under the Fiscal Responsibilities Matrix.

WSBA should budget revenues and expenses as accurately as possible. Revenues should be realistic, but not overly conservative. Expenses should be estimated not on remote possibilities, but rather on historical spending patterns and actual planned expenses. There should be some flexibility in the budget to allow for contingencies and necessary adjustments.

The budget should be transparent so it is easy for the Board of Governors and members to see how the WSBA is spending its money.

Long-range Forecasting and Planning

The Chief Operations Officer may prepare long-range forecasts, prior to the annual budgeting process, to get an indication of the parameters around the upcoming annual budget; and whenever requested by the Board of Governors, usually for planning for license fee increases and as part of the long-range planning process. WSBA should annually update its long-range financial plan to anticipate the needs of a growing Bar, and so that, if increased funds become necessary, the Bar can plan logically and in advance on what additional funding will be required to meet such needs

Annual Budgeting Time Line/Process

- The budgeting process begins in April for the coming fiscal year (October 1 – September 30). The Chief Operations Officer and Associate Director of Finance request budgets from each Department Director, Section Chair, and liaison to the WSBA's various committees and boards. These individual budgets are compiled and reviewed by the Chief Operations Officer and the Executive Director.
- The Chief Operations Officer and Associate Director of Finance meet with department directors, employees, section leaders, etc. to conduct a thorough review of all budgets and comparison of budget figures to historical and year-to-date fiscal information.
- The Budget and Audit Committee reviews drafts of the entire WSBA budget (general fund, CLE, CPF, and sections) in June, July, and August, and provides guidance where necessary.
- The Board of Governors reviews a preliminary budget in July and approves the final entire WSBA budget at its last meeting of the fiscal year (September).

Capital Budget

A capital budget is prepared each year as part of the annual budget process. The capital budget forecasts capital purchases anticipated in the coming fiscal year that are over \$2,500 and have a useful life over 1 year (the depreciation for which is included in the expense budgets). The Board of Governors reviews a preliminary capital budget in July and approves the final capital budget with the entire WSBA budget at its last meeting of the fiscal year (September).

Cash Flow Budget

From time to time, when necessary, a cash flow budget may be prepared both to anticipate the timing and amount of cash and liquidity needs of the WSBA for the current year and the excess funds available for longer-term investments.

Additional Budget Requests

Department directors, committee/board employee liaisons, or section leaders who anticipate a need for funds in excess of their approved budget should make a request to the Chief Operations Officer, indicating the additional amount requested and the purpose of the additional funds. (Note: Sections are required to obtain approval from the WSBA Treasurer for any unbudgeted expense which totals either 25% or more of the section's annual expense budget or \$1,000 (whichever option is greater) – see Chapter 10 for details.) This request will be handled according to the Fiscal Responsibilities Matrix. If necessary, a request can be taken to the Budget and Audit Committee at its next meeting.

Ongoing Program Review

WSBA should anticipate both new initiatives and planning for potential termination or decreased funding for some older programs, depending on relevance for and needs of WSBA. WSBA should maintain a scheduled program review process for all non-regulatory WSBA programs.

Financial Reporting

Monthly (Interim) Financial Reporting

WSBA should have accurate interim financial reports so that over-expenditures are less likely when the fiscal year ends and so that corrections may be made in mid-year. Interim financial reports should be consistent with final year-end financial statements and prepared with similar governing principles. Below are the financial reports generated by Finance and Administration employees. The format and level of detail provided in the financial statements are subject to modification as needed.

Monthly Financial Summary

Each month, the Accountant produces a summary of the year-to-date budgeted (original and amended) and actual revenue and expenses for the general fund (by cost center), CLE, CPF, and sections (total of all sections) and fund balance information. This report is usually available after the tenth working day of the following month, except at year-end when the closing process is 2-3 months. The Accountant provides the report to the Executive Director and department directors; it is also provided to the Budget and Audit Committee and Board of Governors with the Monthly Summary Reports by Cost Center/Section.

Monthly Cost Center/Section Summary Reports

The Accountant prepares year-to-date detailed financial reports for each cost center/section. These reports show the cost center/section's annual (amended) budget, actual monthly revenue and expenses, year-to-date actual revenue and expenses, and year-to-date remaining budget. Monthly Cost Center/Section Summary Reports are usually distributed after the tenth working day of the following month to each person responsible

for a cost center/section (e.g. department director, Section Chair, and other designated employees). They are also provided to the Budget and Audit Committee and Board of Governors on a regular basis (the months that correspond to their meeting schedules).

Monthly Detailed Reports by Cost Center/Section

In addition to the monthly financial summaries, each person responsible for a cost center/section (e.g., department director, Section Chair, and other designated employees) is provided with reports showing the detail of posted transactions. These detailed reports should be reviewed for **accuracy** (report any adjustments, reclassifications, corrections or questions to Accounting) and **comparison to budget** (report the reason for significant variations from budget or trends of interest to the Chief Operations Officer). Any questions about the amount of an income or expense item, the category in which it is recorded, or any other concerns, may be addressed to the Accountant, Associate Director of Finance, or Chief Operations Officer.

Key Financial Benchmarks

The Associate Director of Finance prepares a percentage comparison of key figures (revenue, indirect, and direct expenses for the general and CLE fund) of the current fiscal year's actual year-to-date activity with the percentage of the year completed and the prior year percentage. It also includes additional comments regarding where employees expect to be in terms of budget by year end and any additional information that helps explain large variances. This report is provided to the Executive Director and department directors on a monthly basis with the internal financial statements.

Year-to-date Vendor Payment Listing *(added September 2016)*

The Senior Accounting and Financial Systems Manager prepares a year-to date vendor payment listing that shows total payments made by vendor over \$10,000. The report will be provided to the Executive Management Team after the tenth working day of the month, consistent with the completion of the monthly financial statements. Additionally, on a quarterly basis, the Associate Director of Finance or Chief Operations Officer will provide this report to the Treasurer for review.

Tracking and Accounting for Budget Amendments

1. Budget Amendments (where bottom line is changed – BOG approval required):
 - Tracked on a separate list
 - Appropriate expense line amended according to BOG decision
 - The bottom line of the budget will be amended to reflect amendments made to the budget by the BOG during the year, so that financial statements compare actual to amended budget figures rather than original budget figures.
2. Reallocations of unbudgeted revenues to unbudgeted expenses
 - Tracked on a separate list
 - Appropriate revenue line's budget is increased
 - Appropriate expense line's budget is increased
 - This information will prevent additional revenue from being allocated to additional expenses more than once (a current weakness in our system)
3. Reallocations of budgeted expenses to other line items
 - Track any reallocations approved by the BOG or Budget and Audit on a separate sheet
 - Track significant reallocations made by the Executive Director to the extent possible

Quarterly Financial Reporting

On a quarterly basis, the Associate Director of Finance and Chief Operations Officer may prepare a summary of budget amendments, reallocations, important financial issues, and explanations of significant budget to actual differences for the Budget and Audit Committee and the Board of Governors.

Annual Financial Reporting

The WSBA's annual audited financial statements are prepared by independent auditors. The WSBA Accountant prepares the final year-to-date internal financial statements with detail for each cost center (see explanations above).

Selection of Independent Auditors

An annual audit of the Washington State Bar Association's financial records shall be performed by an independent accounting firm for the purpose of expressing an opinion on the Association's financial statements for the fiscal year.

At least once every six years the Association shall undertake a formal process of seeking competitive bids from several qualified accounting firms for performing the annual audit. The Budget and Audit Committee will oversee this process, interview final candidate firms, and make a recommendation to the Board of Governors. The Board of Governors shall make the final selection.

During the six-year period, the Executive Director is authorized to engage the firm so selected for each year's annual audit, or to initiate a competitive bid process prior to the end of the six-year period.

Chapter 2: Assets

Authorization for Banking Relationships

The Board of Governors will authorize banking relationships as needed (e.g., when there is a new Executive Director). Signatures cards with the bank are updated when there are changes in staffing or Treasurers. Below is the standard generic template generally used by WSBA. This resolution is used in conjunction with a letter from the Executive Director naming individuals holding the positions noted in the resolution:

RESOLUTION AUTHORIZING BANKING RELATIONSHIPS

WHEREAS, it is necessary and prudent for the Washington State Bar Association to establish and maintain a number of banking relationships for the purposes of depositing, managing and investing WSBA funds; and

WHEREAS, it is necessary and prudent for the Washington State Bar Association to establish and maintain certain credit relationships for the purposes of purchasing goods and services;

NOW, THEREFORE, BE IT RESOLVED:

That the Treasurer or Executive Director, [Name of ED], of the Washington State Bar Association, or any one thereof, are hereby authorized to establish both deposit relationships and credit relationships necessary to conduct WSBA business; and

That the Treasurer, Executive Director, [Name of ED], and _____ are authorized as signers on any deposit relationship in order to withdraw funds of the WSBA; and

That the Executive Director; [Name of ED], and Chief Operations Officer, and their designees are authorized to invest excess balances, in accordance with the Investment Policy; and

That the Executive Director, Chief Operations Officer, Senior Accounting and Financial Systems Manager, and their designees, are authorized to make deposits and transfers in established accounts.

Approved by resolution of the Board of Governors on the ____ day of _____, _____.

xxxxx, President

ATTEST:

xxxxx, Executive Director, and
Secretary to the Board of Governors

Investment Policy *(updated and approved by the Board of Governors on March 19, 2015)*

PHILOSOPHY

The WSBA's funds have historically been invested exclusively in cash, cash equivalents and debt instruments. Although this provides a high degree of safety, the returns received are low and have not always kept up with inflation. The Board of Governors believes it is prudent and in the best interest of the WSBA and its membership to hold a diversified portfolio of investments that allows funds to be invested in a manner that is consistent with cash needs of the organization while meeting its investment objectives. The WSBA's funds are invested in cash, cash equivalents, debt instruments, and equities.

The investment policy was modified in March 2007 to allow for the investment of a portion of the funds held by the WSBA in the broader market (beyond items such as Certificate of Deposits and Bonds, into the equities market) while at the same time maintaining a pool of short-term investments to meet anticipated needs over the next 12 month period. Investing in the broader market involves a greater degree of investment risk, therefore only that portion of the funds that is not needed to meet the short-term needs may be invested in such markets.

OBJECTIVES

The primary investment objectives of the Washington State Bar Association are:

- Preservation and safeguarding of the principal amount invested;
- Maintenance of liquidity to meet operating cash flow needs; and
- Maximization of return consistent with the above two objectives.

At least quarterly, balances shall be monitored and compared to cash flow needs so that funds may be invested promptly upon receipt in order to meet the primary investment objectives. It is expected that investments in debt instruments or time deposits will be held to maturity, and therefore funds that are allocated to those investments should be invested so that they mature when cash is expected to be needed for operations.

AUTHORITIES

Annually, the Board of Governors will review and make any necessary changes to their resolution authorizing banking and investment relationships that designates who is authorized to:

- Establish deposit relationships;
- Make deposits and transfers in established accounts;
- Invest excess balances and reinvest funds at maturity or when otherwise available from one investment vehicle to another; and
- Deposit proceeds of maturing or sold investments into appropriate interest bearing accounts.

Investments are made under the prudent investor standard applicable to fiduciaries under the provisions of RCW 11.100.020, with judgment and care under circumstances then prevailing, which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived.

In making investments, the following factors shall be considered:

- The probable income as well as the probable safety of the investment;
- Marketability of investments;

- General economic conditions;
- Length of the term of the investments; and
- The WSBA's projected liquidity needs for both the short-term (next twelve months) and the long-term (over one year).

PORTFOLIO CONSTRUCTION

The assets of WSBA may be held or invested in cash or cash equivalents, governmental and corporate fixed income securities, and equities. WSBA's total portfolio shall be comprised of the following:

1. A portion of the assets not to exceed the Board-designated general fund Facilities Reserve ("long-term portfolio") shall be invested in accordance with the prudent investor standard.
2. The balance of the assets ("short-term portfolio") shall be kept in cash, cash equivalents, auction rate securities, or fixed income securities having maturity dates that are consistent with the time frames for the anticipated liquidity needs of WSBA.

INVESTMENT GUIDELINES

Equities

- U.S. Common Stocks
- U.S. Convertible Notes and Bonds
- U.S. Convertible Preferred Stocks
- American Depository Receipts (ADR) and American Depository Shares (ADS) of Non-U.S. Companies
- No-Load Mutual Funds that invest in securities allowed in this investment policy and which have annual operating expenses of less than one percent (1%)
- Auction Rate Securities with a minimum rating of A or better

Cash Equivalents

- Treasury Bills
- Money Market Funds with a Moody's rating of A or better
- Commercial Paper issued by corporations rated A1 by Standard and Poor's or P1 by Moody's
- Banker's Acceptances issued by domestic banks rated A1 by Standard and Poor's or P1 by Moody's
- Certificates of Deposit issued by any U.S. bank that meets all the regulatory reserve requirements and minimum capital requirements, and which are insured by the FDIC or the National Credit Union Administration, up to the federally insured amount.

Fixed Income Securities

- U.S. Government and Agency Securities
- Corporate Notes and Bonds, rated AA by Standard and Poor's or Aa by Moody's.
- Mortgage-Backed Notes and Bonds

General Limits

- No more than five percent (5%) of the reserve portfolio and no more than fifteen percent (15%) of the short-term portfolio may be invested in any one company or issuer
- No more than twenty percent (20%) of the reserve portfolio shall be invested in any one industry
- No more than twenty percent (20%) of the total portfolio shall be invested in corporate bonds
- Investments in fixed income securities shall have a maximum maturity date of ten (10) years, and the weighted average portfolio maturity shall not exceed five (5) years.

MANAGEMENT AND MONITORING OF PERFORMANCE

Investment(s)

The WSBA may engage one or more fee-for-service investment managers and delegate individual investment decisions to such investment managers within the guidelines of this statement and the specific direction of the Budget and Audit Committee. A qualifying investment manager must be a registered investment advisor under the Investment Advisors Act of 1940. The selection and allocation of funds to individual investment managers will be made by the Budget and Audit Committee. The Chief Operations Officer or Associate Director of Finance shall work with the investment managers in implementing the investment strategy.

The Budget and Audit Committee and Board of Governors must approve any significant changes in the investment strategy. In the event the WSBA's investment managers recommend an immediate change in strategy that creates the need for a time-sensitive decision to be made, the Chief Operations Officer has the authority to approve the investment manager's suggested strategic change. Prior to granting such authorization, the Chief Operations Officer shall consult with the Executive Director (or acting E.D.) and/or Treasurer, and if neither of them are available then the President, President-elect, or Immediate Past-President in that order. The Budget and Audit Committee shall be notified of such changes as soon as practicable. Only with the approval of the Board of Governors may a commissioned securities broker be engaged to manage all or any portion of the assets, but a securities broker may be utilized to execute trades authorized by the Budget and Audit Committee or its investment managers.

Reporting

A report will be prepared at the end of each month listing the investments held, and which shall state the maturities and rates of return of any fixed income securities. This report will be included in the monthly financial statements and provided to the Budget and Audit Committee and the Chief Operations Officer for review, and provided at each quarter-end to the Board of Governors. Additionally, the Associate Director of Finance will prepare an investment update at the end of each month that will report on the long-term portion of the portfolio. This will be provided to the Budget and Audit Committee and the Board of Governors at each meeting.

Performance Reviews

The Chief Operations Officer, the Associate Director of Finance, the Treasurer, and one or two Budget and Audit Committee members (collectively, the "Investment Subcommittee") shall monitor the performance of the investment portfolio. The investment performance of total portfolios, as well as asset class components, will be measured against commonly accepted performance benchmarks. Consideration shall be given to the extent to which the investment results are consistent with the investment philosophy, objectives, and guidelines set forth in this policy. The Investment Subcommittee will meet with the investment advisors as necessary, provide reports to the Budget and Audit Committee at least quarterly, make decisions with the investment advisors on changes in investment, and recommend changes in the overall investment strategy.

GENERAL

Safekeeping

Investment assets may be held in street name or in safekeeping at the commercial or investment bank handling the transaction, on behalf of the WSBA.

Application

This policy applies to all investment funds, including those of the Lawyers Fund for Client Protection, WSBA sections, and any other state Bar entity.

Updating of Policy

This policy will be reviewed annually by the Budget and Audit Committee and the Chief Operations Officer.

Checking/Savings Accounts

The Bar currently maintains five checking accounts:

- Wells Fargo general checking account;
- Wells Fargo Zero-balance payroll account, linked to the general account;
- Wells Fargo Client Protection Fund checking account;
- Key Bank Western States Bar Conference checking account (no WSBA funds); and
- Key Bank BOG Special Fund checking account (closed effective 10/29/2018).

Investment Accounts

The WSBA currently maintains the following investment accounts:

- Morgan Stanley money market account
- Merrill Lynch money market account
- UBS money market account
- Wells Fargo money market account
- Morgan Stanley investment in managed funds
- UBS investment in municipal bond fund
- Morgan Stanley investment in municipal bond mutual funds
- Wells Fargo, Morgan Stanley, UBS, and Merrill Lynch - various individual investments (commercial paper, CDs, auction rate securities, etc.)
- Morgan Stanley money market account (CPF)
- Wells Fargo money market account (CPF)

PETTY CASH

The WSBA maintains several petty cash boxes for varying purposes (reimbursing employees for small dollar-amount expenses, providing change to employees collecting cash receipts, etc.). Access should be limited to only those persons authorized to handle petty cash. The WSBA's authorized petty cash boxes are as follows:

1. Accounting Division Petty Cash

The Accounting Division maintains the WSBA's primary petty cash for the purpose of paying for expenses **\$30 and under**. Ideally, the amount of petty cash on-hand is no less than \$50 and no more than \$800.

An employee requesting reimbursement from Accounting's petty cash:

- Completes a Petty Cash Form;
- Obtains his/her department director's or their designee's signature on the form as approval; and
- Takes the form to the A/P Bookkeeper (or another Bookkeeper or the Senior Accounting and Financial Systems Manager if the A/P Bookkeeper is not available) during the designated hours for Petty Cash service; and
- Initials the form upon receipt of the cash.

The A/P Bookkeeper initials the form, pays the cash, and puts the initialed Petty Cash Form in the petty cash box. The Accounting Division's petty cash is kept in a box in a locked cabinet in a fireproof box. The keys to the cabinet are accessible only by the Bookkeepers and the Senior Accounting and Financial Systems Manager.

The Accountant, while being observed by the Accounting Division employees, audits the petty cash on a regular basis. Any discrepancies must be reported to the Senior Accounting and Financial Systems Manager or the Chief Operations Officer. Petty cash is replenished monthly or as needed by the A/P Bookkeeper by preparing a Check Request, which is approved by the Senior Accounting and Financial Systems Manager or Chief Operations Officer.

2. Front Desk Change Box

The front desk receptionist maintains a "change box with \$100 cash. The cash is used to make change, primarily for WSBA visitors who purchase products or register for events. When larger bills, \$10's or \$20's, accumulate, the receptionist is responsible to get smaller bills from the Accounting Division. The front desk receptionist locks the cash box in a secure location at the end of every day. The Accounting Division or Finance employees audit the cash box periodically. Expense reimbursements are **not** to be made out of the front desk change box, except for Conference Room Assistant expenses authorized by the Chief Operations Officer.

3. Office of Disciplinary Counsel Petty Cash

The Office of Disciplinary Counsel (ODC) has a petty cash box for the purpose of reimbursing ODC employees for expenses **\$50 and under** (e.g., litigation expenses, supplies, court documents, employee travel, misc., etc.). Ideally, the amount of ODC petty cash on hand is no less than \$100 and no more than \$500. An employee requesting reimbursement from ODC's petty cash:

- Completes a Petty Cash Form;
- Obtains the ODC director's or their designee's signature on the form as approval;
- Takes the form to the ODC Department Administrator; and
- Initials the form upon receipt of the cash.

The ODC Department Administrator initials the form, pays the cash, and puts the initialed Petty Cash Form in the petty cash box. ODC's Department Administrator controls the box, keeping it in a locked drawer for safekeeping.

Accounting Division employees periodically audit the ODC petty cash box. Any discrepancies must be reported to the Senior Accounting and Financial Systems Manager or the Chief Operations Officer. Petty cash is replenished as needed by preparing a Check Request, which is approved by the appropriate person in ODC.

4. Temporary Change Boxes

A few times each year, other departments draw from the Accounting Division's petty cash; generally, in amounts less than \$200. It is used for making change for the sale of small items. For example, CLE may need a temporary change box during a bookstore sale, or Admissions may need to sell small items at the bar exam. The change box and all receipts collected are returned to Accounting at the end of the day/session, with copies of each sales transaction to account for receipts collected.

Bank Account Reconciliation

Responsibility for Reconciliation and Timing

WSBA's checking accounts are reconciled by an employee who does **not** have the ability to prepare or sign checks (this includes the Senior Accounting and Financial Systems Manager, bookkeepers, Chief Operations Officer, and check signers). Generally, the Associate Director of Finance and Accountant are good candidates. Currently, the Associate Director of Finance is the primary person responsible for reconciling the bank statements.

The hard copy monthly Wells Fargo bank statements are delivered to the person reconciling the bank statements **unopened**. This ensures that there is no tampering with the statements or accounts. Electronic copies of statements are provided for all other bank accounts.

Each statement should be reconciled by the 20th working day of the month that the statement is received, with the exception of the year-end closing which prevents the reconciliations for October and November from being performed until late December or early January.

Reconciliation Report

The reconciliation process involves matching all deposits and payments recorded in WSBA's books to the bank statements. If errors or discrepancies between the bank and WSBA's accounting systems are noted, they should be documented on the reconciliation report. Copies of the completed reconciliation reports are given to the Senior Accounting and Financial Systems Manager, who is responsible for researching and correcting any errors or adjustments, and the Chief Operations Officer. Any questionable activity, such as a check that has been altered or forged, is documented and the information is presented to the Chief Operations Officer **the same day** that the activity is located.

Outstanding Checks/Unclaimed Property Procedures

WSBA will establish and follow unclaimed property procedures in accordance with Washington State laws. During the monthly bank reconciliation process, all outstanding checks will be identified. The A/P Bookkeeper will identify all checks that are over three months old and verify with the bank that the check has not been cashed, voided, or had a stop payment put on it between the last day of the previous month and the date of the bank reconciliation. The A/P Bookkeeper will follow up on all remaining checks outstanding over \$75 by sending an initial due diligence letter to the payee. If no response is received within three months of the date of the initial letter, a final due diligence letter will be sent to the payee. If no response is received within three months, WSBA will hold the check in accordance with the Washington State Department of Revenue Unclaimed Property rules, which generally require a three year abandonment period (see state Department of Revenue rules for reporting periods). After the abandonment period has been completed, the check amount will be included in the annual unclaimed property report (due October 31 of each year) which will be sent to the Washington State Department of Revenue. The original check will be voided in the general ledger and a stop payment will be placed on the check at the bank by the A/P Bookkeeper. A final check will be issued to the Washington State Department of Revenue along with the annual report before the October 31 deadline.

Accounts Receivable

Generally, the Bar requires that customers pre-pay for WSBA products and services. The exceptions where WSBA will invoice include:

- *NWLawyer* advertising
- Government Agencies (including law libraries, courts, schools, etc.) that require an invoice before payment can be made
- CLE seminar registration when someone appears at a seminar believing the fee was previously sent in and, after research, we determine it was not
- ABA reimbursements for employee travel expenses
- Practice management Assistance (PMA) fees for consultations or diversions
- Audit fees related to diversions
- LAP client fees
- Situations where a customer has not paid the full amount owing for a product or service
- Miscellaneous items as needed

Invoicing

The requesting department prepares an Invoice Request Form and forwards it to Accounting. Accounting prepares the invoices and either mails them or returns them to the appropriate employee, as requested. *Accounting is responsible for creating invoices for all WSBA departments, unless an exception is approved by the Chief Operations Officer (e.g., Office of General Counsel, Membership Records label orders). No invoices should be prepared and mailed by non-Accounting WSBA employees unless specifically authorized to do so.* Generally, payments received for Accounts Receivable balances will be applied to the oldest invoice first.

Collection Efforts

Accounting prepares a monthly aged Accounts Receivable (A/R) listing and forwards a copy to each applicable department. Each department is responsible for contacting customers with a past due balance. Accounting will send out invoice copies or statements as needed. Reasonable collection efforts consist of phone calls, letters, statements or copies of invoices, and possibly the use of a collection agency with approval from the Chief Operations Officer. In certain circumstances, Accounting employees will take responsibility for collecting receivables upon agreement between the Chief Operations Officer and the appropriate director. An example of this is the CLE Bookkeeper who collects receivables related to CLE seminars and the A/R Bookkeeper who collects advertising receivables for *Bar News* (see below).

***NWLawyer* Collections Procedures**

NW Lawyer advertising revenue is administered by a professional agency with whom WSBA has contracted with to invoice, account for, and collect all advertising revenue on our behalf. Once funds are received, the agency retains 30% of all advertising revenue and the remaining 70% of advertising revenues are sent via check to WSBA within 60 days after publication date of the issue. If advertisers do not pay after 60 days, the agency initiates a billing and collections process to ensure revenue is collected promptly. WSBA and the agency discuss all delinquent accounts and mutually agree prior to sending an account to collections, and if nonpayment continues after 12 months, whether to write off any amounts owed.

Bad Debt/Write-Offs

Temporary Write-Off (6 months)

When an invoice reaches 6 months past due, it will be written off as bad debt unless there is a reason not to write it off. For example, currently, diversion invoices are collectible at any time and will only be written off unless the respondent is terminated from the diversion program. Any other invoices that directors wish to keep on the books must be communicated to Accounting upon review of the monthly A/R listing; otherwise they will be written off once they reach 6 months past due. The Accounting employee debits the associated cost center's Bad Debt Expense account and credits the Allowance for Bad Debt account (which goes against Accounts Receivable). The Accounts Receivable still stays on the WSBA's books as an asset; however, the initial revenue has essentially been eliminated through the recording of a bad debt expense.

Permanent Write-Off (less than 1 year)

Any invoice determined to be uncollectible before one year will be written off. The department responsible for the invoice will provide Accounting with a memo including the following information: account name, invoice number, dollar amount, documentation of collection efforts and the reason it is now uncollectible. This memo is signed by the person requesting the write off, approved by the appropriate department director and forwarded to Accounting. Accounting then will permanently write off the receivable by crediting Accounts Receivable and debiting Allowance for Bad Debts. This entry has no impact on a cost center's expenses, but takes the asset off of WSBA's books.

Permanent Write-Off (1 year)

For any Accounts Receivable amount that is not collected within one year, Accounting will write off the item. This is done by crediting Accounts Receivable and debiting Allowance for Bad Debts. This entry has no impact on a cost center's expenses, but takes the asset off of WSBA's books. At the point this is done, Accounting will notify the appropriate director and employee in writing (memo or email) of the permanent write-off.

Payments Received After Permanent Write-Off

If payment is received after a receivable has been permanently written off, Accounting will debit cash and credit the cost center's Bad Debt Expense account (i.e., it shows as revenue offsetting the expense account).

Prepaid Expenses

Expenses paid in advance are recorded as prepaid expenses (assets). When the service is used, the funds are transferred to the associated expense account. Some examples of the WSBA's prepaid expenses include:

- Deskbooks. While in production, deskbook expenses are charged to the prepaid expense account. Once published, those expenses are transferred to the appropriate deskbook inventory account.
- CLE Seminar Expenses. During the year, expenses related to seminars are booked as an expense when paid (cash basis accounting). At the end of each fiscal year, expenses related to seminars that have not yet been held are transferred to a Prepaid account for the year-end financial statements (accrual accounting).
- Postage
- Insurance
- Property Taxes
- Venue deposits

- Travel and Training

Deferred Costs

Deferred costs are primarily expenses associated with seminar planning and the production of materials. Recognition of these expenses is deferred until the related seminars are presented in the subsequent year.

Inventory

Deskbooks

CLE Publications publishes Deskbooks, which are reference materials on Washington law about specific legal topics. Supplements of existing deskbooks are also published and sold periodically to update the deskbooks. Once a deskbook has been supplemented, it is current as of the date of publication of the supplement. Inventory of deskbooks is stated at lower of cost or market on the first-in, first-out (FIFO) method.

Other CLE Products

WSBA CLE produces several products designed to educate lawyers. These include coursebooks from prior seminars, some of which include an audio-CD or a video-DVD. CLE acknowledges that its customers have many sources from which to purchase publications and other CLE products such as coursebooks and audio and video tapes. Therefore, CLE wants every customer to have a positive outcome when purchasing their product. There is a need to periodically review existing publications to ensure that only publications with value are still being offered for sale.

Returns of CLE Products

If a customer specifically requests (verbally or in writing via by email or letter) a refund and returns the product within 30 days of shipment and in a re-sellable condition, the customer will be issued a refund by the method paid (check or credit card). Refunds by check will only be made after verification of collection of the initial check deposited by the WSBA (standard waiting period is 2 weeks). The CLE Manager must approve any return of production beyond 30 days from the date of purchase.

If a CLE product is sent in error, WSBA pays the postage for the customer to return it by either reimbursing the customer or having UPS pick it up and bill the WSBA directly. If a customer returns a CLE product for any other reason (e.g., duplicate order, changed their mind, ordered in error), it is the customer's responsibility to pay for the postage.

Obsolete CLE Inventory

The inventory of deskbooks and supplements will be reviewed annually by CLE Publications and the Senior Accounting and Financial Systems Manager to determine which publications, if any, are obsolete; these will be written off. The CLE Director will document in writing that they have performed this review and state their conclusions that all inventory is current or what amount needs to be written off as obsolete. This process must be completed within 30 days following the fiscal year-end (September 30).

Accounting for CLE Coursebook Binders

The CLE department generally purchases binders in bulk annually to take advantage of volume pricing. The number of binders purchased is based on an estimate of the department's needs for the coming year. The binders are produced as needed by the vendor and shipped to the Bar. A running total of the binders purchased (and remaining) is maintained by the CLE Department.

When the binders are purchased, the amount is charged to the binders inventory account. When the binders are received and assembled by the Bar, the amount is debited to the associated seminar and credited to the binder inventory.

Property, Equipment, and Depreciation

Cash vs. Leasing

It has been WSBA's practice to pay cash for furniture and equipment, as opposed to leasing. On occasion, the WSBA will rent furniture or equipment for very short-term use.

Depreciation

The Bar Association capitalizes furniture and equipment with:

- A purchase price over \$2,500; and
- A useful life of more than 1 year.

The WSBA uses straight-line depreciation for those times.

Property and equipment are stated at cost. Depreciation is computed over the estimated useful lives of the assets, generally three to ten years. Depreciation expense for fixed assets which benefit all of the WSBA are is charged to indirect expenses. Depreciation for fixed assets which benefit a select few cost centers is charged only to those cost centers (e.g., CLE, Limited Practice Officers, MCLE, Discipline).

Completing the Physical Inventory

A physical inventory of furniture and equipment (fixed assets) is completed on a periodic basis, ideally annually but no less than every three years. When the physical inventory is completed:

- A report of all fixed assets is generated;
- The furniture/equipment is physically compared to the information on the report; and
- Missing items are noted, researched, and written off, if necessary.

Sale of Fixed Assets

A form is completed by the WSBA employee supervising the sale of furniture or equipment and submitted, along with the payment, to Accounting. The form will include the purchaser's name, address and phone number, the item being purchased, inventory tag number (if any), item price, sales tax and any other pertinent information.

Write-off/Disposals of Fixed Assets

On an annual basis, the Finance team will review the current listing of fixed assets and determine if there are items that require write-off or disposal. Any changes shall be incorporated into the WSBA's annual personal property tax report filing.

Computer Software Development

Accounting for costs of computer software developed or obtained for internal use

The development of computer software for internal use can be done either by outside vendors, or by WSBA employees. The costs incurred in the development stage are capitalized and depreciated on a straight-line basis over the useful life of the software, in accordance with generally accepted accounting principles.

Internal use software is defined as software that is acquired, internally developed, or modified, solely to meet the WSBA's internal needs; and during the development or modification, no substantive plan exists or is being developed to market the software externally.

If, after the development of internal use software is completed, WSBA decides to market the software, proceeds received from the license of the computer software, net of direct incremental costs of marketing, are applied against the carrying amount of that software.

The development of software follows various stages. Costs incurred in development are capitalized; other costs are expensed, as follows:

Preliminary project stage (costs are expensed):

- Conceptual formulation of alternatives
- Evaluation of alternatives
- Determination of existence of needed technology
- Final selection of alternatives

Application development stage (costs are capitalized):

- Design of chosen path, including software configuration and software interfaces
- Coding
- Installation to hardware
- Testing, including parallel processing phase

Post-implementation/operation stage (costs are expensed):

- Training
- Application maintenance

Further guidance can be found in AICPA Statement of Position 98-1.

Procedures

WSBA programmers keep track of their time spent on software development using the WSBA time keeping system. Specific categories are established for significant software development projects (minor software development is not tracked due to immateriality.) The Chief Operations Officer makes the determination of whether a new time keeping sub-category is required.

Salaries and benefits of programmers are initially expensed as incurred through the normal accounting procedures used for all employees. In order to capitalize the development costs, the Accountant makes a monthly journal entry to reclassify the software development costs from salary and benefits to a "work in progress" asset account so that the cost may be capitalized and depreciated when complete.

The IT Director notifies the Accountant when a software development project is complete and placed in service and determines what the useful life of the project is. The Accountant then moves the total cost to a fixed asset account and begins depreciating the asset over its useful life.

The IT Director will ask outside vendors to bill their time so that development stage expenses are clearly differentiated from preliminary and post-implementation costs. Development stage costs paid to outside vendors are also capitalized, and amortization begins when the project is placed in service.

The IT Director shall promptly notify the Accountant when software development projects which have been recorded in the "work In progress" account are cancelled. The Accountant will then reverse the amounts to salaries and benefits expense.

Chapter 3: Liabilities

Accounts Payable

Trade Accounts Payable

During the year, WSBA does not generally have a balance in the Accounts Payable account. Expenses are paid on a weekly basis as they come in to Accounting. At the fiscal year-end, any expenses related to the fiscal year are accrued as Accounts Payable.

Check Security

All checks are issued in sequential numerical order. All checks are accounted for; and checks that are voided are noted for account reconciliation. Blank checks are stored in a locked cabinet. A small supply of checks is stored in a fireproof safe on site to be used in case of disaster or emergency. There is also a small supply of checks in the safe deposit box at Bank of America.

Payments – General Guidelines and Procedures

Approval of Check Requests and Expense Reports

Check Requests or invoices must be approved by the Executive Director or his/her designee, subject to review by the Treasurer on request. The Executive Director has delegated signature authority in varying dollar amounts to department directors, who in turn have granted authority to certain employees for limited dollar amounts related to their areas of responsibility. See WSBA's List of Authorized Signers. Once the necessary approvals have been obtained, the Check Request is sent to the A/P Bookkeeper for payment.

Method of Payment for Check Requests and Expense Reports

The WSBA generally pays its expenses via check. Exceptions to this include payments made by petty cash or the following payments that are paid directly from the WSBA's checking account to the vendor and do not require advance approval (due to adequate controls in the process):

- Rent made by automatic withdrawals by the landlord;
- WSBA MasterCard payments made by automatic withdrawals from Wells Fargo;
- Federal tax deposits made by ADP (comes out of WSBA's checking account);
- Payroll checks to employees made by direct deposit (comes out of WSBA's checking account);
- Retirement, Deferred Compensation, and sales tax payments made via ACH (comes out of WSBA's checking account); and
- Postage meter refills made by automatic withdrawals from the USPS.

Check Processing Procedures

All invoices, grant payments, and expense reports are entered and submitted through PN3 (Accounts Payable processing system). The information provided in the system includes electronic copies of back-up documentation and general ledger coding. System users are set up in the PN3 system with permissions based on their specific role, including whether or not they can approve invoices, dollar limits for those who can approve, and to whom invoices should be routed for approval after submission. PN3 tracks the items submitted and approval dates. On a weekly basis, the A/P Bookkeeper reviews the data for accuracy, reasonableness, general ledger coding, and back-up documentation. Once the information is complete, the A/P Bookkeeper runs

a data upload from PN3 into Navision for all items that have been approved for payment and issues checks from Navision. Fixed asset, ACH payments, Client Protection Fund payments, and customer refund requests are still reprocessed in Navision. For those, the A/P Bookkeeper stamps the requests with the date received at the A/P desk, reviews the documents for reasonableness and accuracy, and verifies the calculations. Any questions or minor adjustments are given back to the employee submitting the request; other problems or questions should be promptly reported to the Senior Accounting and Financial Systems Manager or Chief Operations Officer.

For payments to employees for less than \$30, the amount is paid from petty cash (see Petty Cash procedures in Chapter 2: Assets). For all other requests, the following general procedures for check processing are followed:

- A/P Bookkeeper does review and approval for processing of all invoices and expense reports in the PN3 system by Friday of each week. Fixed asset, inventory invoices and customers refunds are also entered in Navision by Friday of each week.
- Checks are printed on Fridays and are given to the check signer(s) by the following Monday morning for signature.
- Checks are typically mailed no later than Wednesday of the week of signing. (Note: When a holiday falls on a Monday, the checks may not be signed by Tuesday morning, in which case the checks might be mailed/delivered on Thursday).

Incorrect Check Requests or Expense Reports

Occasionally, the A/P Bookkeeper notes errors, inconsistencies, or requests that do not comply with WSBA reimbursement policies. The A/P Bookkeeper is not authorized to make changes to amounts in PN3. The A/P bookkeeper will send invoice notes in PN3 to the requester for any changes. If there is disagreement about a correction, the Chief Operations Officer will be notified and resolve the issue.

Rush Checks

Check Requests and Expense Reports should be approved and processed timely but from time to time it will be necessary to obtain a check sooner than the one-week turn-around time. Checks that need to be processed outside the normal time frames must be approved by the Executive Director or the Chief Operations Officer with sufficient time allowed for the Accounting Department to process the invoice and produce the check. Rush checks should be used judiciously and for good reason. Approved rush Check Requests should be given to the A/P Bookkeeper for processing. If the A/P Bookkeeper is not around when the request is dropped off at the A/P desk, the person requesting the rush check shall email both the A/P Bookkeeper and the Senior Accounting and Financial Systems Manager to let them know that a rush Check Request has been submitted. If the A/P Bookkeeper is out of the office or busy, one of the A/R bookkeeper or the Senior Accounting and Financial Systems Manager will process the rush check.

Payments to Vendors

Responsibility for Payment

Each invoice from a vendor is distributed to the WSBA employee associated with the expenditure, who reviews the invoice for accuracy and determines if the associated service/product was received to the satisfaction of WSBA. The employee submits the invoice through PN3 and codes it to the appropriate general ledger account. The invoice is then routed to their manager for approval.

Invoices

Payments should be made based on original invoices, not duplicates or monthly statements. A/P Bookkeeper should always verify in the accounting system that payment has not been previously made to the vendor, volunteer, or employee for that invoice/expense.

Discounts & Timely Payments

WSBA's policy is to take advantage of any discounts available (such as 2% net 10) for prompt payment. WSBA also makes every attempt to avoid penalties and finance charges, such as those assessed if payment is made 30 days after the date of the invoice. Employees are responsible for submitting invoices for payment in a timely fashion. Continued violations of this policy may result in disciplinary action.

Problems with Invoices or Vendors

If an employee who originally received a vendor invoice finds that it is **not** correct or if the WSBA is **not** satisfied with the associated service or product, he/she shall attempt to resolve the problem with the vendor in a timely fashion. If the problem is not resolved within 30 days, the employee should consult with the Chief Operations Officer. If an invoice is being held, pending resolution of a problem, the A/P Bookkeeper must be notified in case he/she is contacted by the vendor. The A/P Bookkeeper may, in consultation with employees, resolve issues with vendor invoices or statements.

Vendors & Vendor Review

Only one vendor should be set up for each company/person. If a company changes its address, the address should be changed for that vendor. If a company is purchased by another company, a new vendor will be set up. For vendors with more than one mailing address, a separate vendor card will be set up for each address. At least annually, the A/P Bookkeeper shall review the vendor list for duplicate or inactive vendors.

Periodically, vendors regularly used by WSBA should be reviewed to ensure WSBA is getting competitive pricing. Examples include vendors of computer supplies, office supplies, equipment, etc. It is the Bar's policy when seeking vendors to provide a major product or service, WSBA submits Requests for Proposal to several vendors to ensure that the WSBA is receiving competitive bids.

Reimbursement of Expenses for Volunteers and Employees

See Chapter 6: Expenses.

Accrued Vacation & Comp Time

WSBA employees accrue vacation and sick leave on a monthly basis according to the length of their employment. Non-exempt employees may earn comp time for approved hours worked over 40 hours in a work week. Employees track their work time and leave time in an electronic timekeeping system. Accruals of paid leave are generated by the electronic time keeping system. WSBA records as a liability the accrued balances of leave time that will be paid out upon the termination of any employee (currently those categories are vacation and comp time).

Each quarter, the Accountant provides the Associate Director of Finance with a detailed report by person indicating the total amount of vacation and comp time accrued. The Accountant computes the amount of the liability based on each person's actual hourly rate, then makes a journal entry for the difference between the current quarter-end liability balance and the amount on the books in the liability account (to bring the G/L up or down to the current liability amount).

Chapter 4: Fund Balance *(updated and approved by the Board of Governors on September 29, 2016)*

The fund balances, or net assets, of the Washington State Bar Association (WSBA) are the difference between assets and liabilities. Fund balances are either unrestricted or restricted. The Board of Governors may designate, and has designated, portions of the WSBA's unrestricted fund balance for specific purposes. Annually during the budgeting process, the Budget & Audit Committee shall review all fund balances, determine if funds allocated to the various reserves should be adjusted taking into account the goals and purposes of each fund, and make any recommendations for adjustments to the Board of Governors.

UNRESTRICTED RESERVES

GENERAL FUND RESERVES

The General Fund supports the majority of the WSBA's work, including regulatory functions and most services to members and the public. General Fund reserves are funded by the annual operating income of the WSBA. Use of the General Fund reserves is approved by the Board of Governors, usually planned as part of the annual budget, and is reflected in any annual net loss incurred by the WSBA.

It is fiscally prudent to maintain reserves to support operations in the event that an unanticipated loss occurs. Therefore, unless recommended by the Budget & Audit Committee and approved by the Board of Governors, the total value of the General Fund Reserves shall not fall below \$2 million dollars.

- 1. Operating Reserve Fund.** The Operating Reserve Fund is a board-designated fund established to cover unanticipated expenses in the event of an emergency. As of April 2008, the Operation Reserve Fund shall be \$1.5 million. Any use of this fund shall be recommended by the Budget and Audit Committee and approved by the Board of Governors.
- 2. Facilities Reserve Fund**

The Facilities Reserve Fund is a board-designated fund established to support future facilities needs such as an office move or refurbishment of existing office space. As of October 2016, the minimum balance of this fund shall be \$200,000. It is expected that the fund's value will increase as the WSBA gets closer to lease completion at the end of December 2026. To determine the level of reserve funds needed for a future move or refurbishment, the Budget and Audit Committee shall seek the guidance of the Facilities Subcommittee of the Budget and Audit Committee to assist in setting the facilities reserve fund balance goal no later than 5 years prior to the end of the WSBA's lease.
- 3. Unrestricted General Fund Balance**

This is the cumulative balance of net assets from General Fund operations not otherwise restricted or designated to any other fund.

CONTINUING LEGAL EDUCATION (CLE) RESERVE FUND

The CLE Reserve Fund is a board-designated fund that serves as an operating reserve in the event CLE suffers an unanticipated financial loss. The CLE reserve is funded by the annual operating income of the CLE Seminars and Products operations. Reserves may be used to cover any net loss or extraordinary costs. The CLE Fund shall remain a part of the WSBA assets and, as such, is subject to the superintendence and control of the Board of Governors.

SECTIONS FUND

The Sections Fund is a board-designated operating reserve fund for the WSBA sections, consisting of the cumulative balance of net assets of all sections. Separate ledgers will be maintained for each section, making up the total for the Section Fund.

RESTRICTED RESERVES

CLIENT PROTECTION FUND (CPF)

In 1995, the Washington State Supreme Court and the WSBA created the Client Protection Fund (CPF). The purpose of this restricted fund is to relieve or mitigate a loss sustained by any person due to the dishonesty of, or failure to account for money or property entrusted to, any member of the WSBA in connection with the member's practice of law, or while acting as a fiduciary in a matter related to the member's practice of law. The CPF fund receives a mandatory annual assessment from each active WSBA member. The difference between revenues and expenses of this fund each year results in the CPF restricted fund balance.

Chapter 5: Income

License Fees

Setting License Fees

Mandatory member license fees, paid annually, are the WSBA's largest source of revenue. License fees are set by the Board of Governors and approved by the State Supreme Court. There is a tiered scale with different rates based upon status, and the member's original admittance date in any Bar. License fees are paid for the calendar year.

Revenue Recognition of License Fees

License fees are recognized ratably over the applicable calendar year membership period. Accordingly, fees collected during the WSBA's fiscal year that relate to the fourth quarter of the calendar membership period are included as deferred revenue in the financial statements.

Overpayments/Underpayments

Payments received in excess of the amount owed or are less than the amount owed will be handled in accordance with the overpayment/underpayment procedures.

CPF Assessment

The CPF assessment is mandatory for all active members. It is voluntary for inactive members; therefore, if the CPF assessment is paid by an inactive member, it is considered a voluntary donation.

Refunds of License Fees and CPF Assessments

While license fees are non-refundable, if a member dies without having practiced law in that year, a refund for license fees and the CPF Assessment will be made if requested by the estate. The Executive Director approves license fee refunds.

Deposits/Incoming Receipts

General Procedures for Handling of Payments/Income Receipts

The WSBA Mail Room employee sorts the incoming mail. Two people sort the mail opening those pieces addressed to WSBA or to an employee who routinely receives payments. The Mail Room employee gives all payments received via mail to the Accounting Division. There are some payments that might be collected by someone other than Accounting employees, including:

- Walk-in payments collected by the front desk;
- Payment information faxed or emailed to an employee;
- Payments taken over the telephone or by email by the Service Center;
- On-site CLE registrations collected at the door;
- On-site non-CLE registrations/fees collected at the door;
- Bar exam on-site sales;

- LAP client counseling payments;
- Office of Disciplinary Counsel payments for recovery of discipline costs; and
- Reimbursements from members of the Board of Governors or other boards/committees that are submitted directly to an employee reconciling the expenses related to a particular event.

Items received from any source other than the mail must be forwarded to or collected by Accounting employees for inclusion in the counting process the **same or next day**. Payments received on site at a WSBA event will be forwarded to the Accounting Division the **first day the employee returns to the office** to ensure timely processing.

Employees should place checks or payment information in the Accounting lockbox (located outside the Senior Accounting and Financial Systems Manager's office) when Accounting employees are unavailable to receive them (e.g., after the daily deposit is made or after hours). Accounting employees will check the locked box at the end of each workday and secure the payments for processing the next day. **For security reasons, employees should not place payment information in inter-office mail, in Accounting employees' in-boxes, or on Accounting employees' desks.** During hours that the office is closed all forms will be stored in a locked location.

WSBA maintains three lockboxes for the placement of payments/order/credit card information: (1) in Accounting, (2) in the Service Center, and (3) in EOD/CLE. Accounting maintains keys to the lockboxes.

Accounting will process the forms in Personify and white out or black out the credit card information. In some instances (such as licensing A1 forms, bar exam applications, MCLE submittal forms), the documents are scanned and then passed onto the appropriate department, which is then responsible to store the documents in a secure locked location. In other instances (such as CLE seminar registration and product orders), the documents are scanned; then stored safely in Accounting until they are destroyed at fiscal year-end.

Specific Procedures for Handling Payments Received by Non-Accounting Employees

Note: In the procedures set forth below, the term "properly delivered to Accounting" means either (a) hand-delivered to an employee in Accounting (not via inter-office mail nor placed in an inbox or on someone's desk), or (b) placed into the Accounting lockbox (located outside the Senior Accounting and Financial Systems Manager's office). It is critical that all credit card information be immediately secured.

Walk-ins

Receptionist – When a payment is received at the front desk the information will be put into a secure locked location until an Accounting employee picks it up. During peak times such as licensing and bar exam applications, Accounting employees will pick up the documents every three hours and at the end of the day. Otherwise the pick-up schedule is once a day.

On-site CLE registration, non-CLE registration, product orders and other services forms collected off-site – Program Coordinators and other CLE employees will keep payments and order forms in a bank deposit bag that will be stored in a secure locked location. Once back at the office, the payment and order form will be promptly and properly delivered Accounting.

Other CLE orders – Other payments received by CLE (e.g., product orders) shall be placed in the EOD/CLE lockbox. CLE employees will properly deliver the orders to Accounting for processing.

Other – The form will immediately be properly delivered to Accounting.

Payment received via Mail

All forms received by Production that contain credit card information, will be properly delivered to Accounting.

If Production passes the forms onto another department besides Accounting, then that department must store the forms in a secure locked location until they are properly delivered to Accounting. If the forms are copied before being passed onto Accounting, then the copies must have only redacted credit card information.

Payment received via Phone

When the Service Center receives credit card payments over the phone, such information shall, if applicable, be transmitted via an internal electronic form that is automatically submitted to Accounting, or be placed in the Service Center lockbox.

Credit card information received by employees outside of the Service Center will be placed in a secure locked location until properly delivered to Accounting.

Payment received via Email

When the Service Center receives credit card payments by email, they shall print the email and put into the Service Center lockbox. An accounting employee will pick up the documents from the lockbox twice a day. The email will be permanently deleted by the end of the day received.

Credit card information received by employees outside of the Service Center will be placed in a secure locked location until properly delivered to Accounting. The email will be permanently deleted immediately.

Payment received via Fax

Credit card information received by fax will be immediately delivered to the receiver of the fax and properly secured in a locked location, placed in one of WSBA's three lockboxes (Accounting, Service Center, and EOD/CLE) or properly delivered to Accounting.

Redacting credit card information

After processing the credit card information, it will be marked out with black marker or white correction tape. If a copy is made of a form prior to the credit card information being processed, then the copies must have redacted credit card information.

Deposits

Accounting Department Cash/Check Processing Procedures

Payments from the Mail Room are added to payments received that day or the previous day from other sources. The payments are processed by at least two persons in the Accounting Division (so there is **dual control**) as follows:

- Verifies that each payment matches the amount listed on the associated source document (order or registration form);
- Sorts the payments by bookkeeper;
- Endorses the back of each check using a bank stamp;

- Places the following information on each set of source documents: the date of deposit, check number, and amount;
- Runs adding machine tapes for the payments and the source documents;
- Gives the source documents to the appropriate bookkeepers for processing; and
- Deposits the cash and checks into the bank by 4:00pm.

Credit Card Processing Procedures

WSBA accepts Visa, Mastercard, and American Express for the purchase of all fees, products and services.

Orders Received by Mail, Fax, Email or Phone – Accounting collects all credit card payments each day from the multiple sources listed above. They are sorted at the end of each day and given to the appropriate bookkeepers for processing the following morning. The credit card information is entered into Personify along with the order information. The credit card is processed that night by the credit card company (the authorization and charge to the card occurs in one step). Security procedures for the protection of credit card information are noted above in the section “Specific Procedures for Handling Payments Received by Non-Accounting Employees.”

Orders Received Online - Customers pay for all online orders via Personify with a credit card. Personify processes the credit card automatically and securely stores the information in compliance with data security processing standards.

Processing of Source Documents

The bookkeepers make every attempt to process payments the same day they are received. However, during periods of high volume, it may take up to three to five working days to process incoming monies. The bookkeepers use the source documents and payment information to process the receipts in either Personify or Navision, whichever is most appropriate (the majority of payments are recorded in Personify; then imported to Navision at the end of the month; however, certain types of payments are processed directly in Navision).

Once the source documents are processed and balanced to the deposits, they are forwarded to the responsible department along with a copy of the posted journal. The receiving department is responsible for reviewing the documents for accuracy, and ensuring the receipt was posted to the proper account. The source documents and journal copies are kept in an organized manner and accessible should any questions arise and be retained as per the retention schedule. Accounting scans the documents after they have processed them.

Returned Checks/Declined Credit Cards

Returned Checks

Checks may be returned to the WSBA by the bank for non-sufficient funds (NSF), "Account Closed," improper endorsement, or other reasons. Generally, those checks were accepted by the WSBA for payment of fees, products, or services.

As returned checks are received from the bank, Accounting credits the cash account and debits Accounts Receivable.

If an NSF check has been presented only once, Accounting may try re-depositing the check. If the check has been presented twice or has been returned for reasons that would prevent it from being re-deposited, Accounting will take further action including phone calls and letters. Outstanding items are reviewed on a monthly basis to determine any further action. Accounting will notify the proper employees for further collection efforts.

If the payment was for license fees or status changes, and it is still uncollected, Accounting works with the Licensing Lead for further collection efforts. If the payment remains uncollected, the member may owe the penalty amounts or may be suspended for non-payment of dues.

If the payment was for the Bar Exam, Admissions is notified and depending on the timing, the applicant may not be approved to sit for the exam or may not have his/her results released until the funds have been received.

Declined Credit Cards

If a credit card charge is declined or the credit card number is invalid, the order is cancelled in Personify and Accounting employees will contact the customer to get a new credit card number or an alternate form of payment. In the event a credit card is declined where the event has happened or the customer has picked up the product, Accounting will invoice the customer for the amount owing and send a cover letter with the invoice.

Overpayments and Underpayments

Occasionally, WSBA receives payments that differ from the amount owed for the product or service. Below is how overpayments and underpayments are handled:

Overpayments

\$.99 or Less

Overpayments of \$.99 or less will be accepted, as is, without any refund efforts. The overpayment amount is credited to the appropriate income account under the cost center for that product or service. Refunds up to \$.99 overpayments will be made only upon the payer's request.

\$1.00 or More

For overpayments of \$1.00 or more, the order is processed as usual, with the overpayment amount credited to the appropriated income account under the cost center for that product or service. The amount of the overpayment is automatically refunded to the purchaser by the Accounting division. As overpayments are received, the bookkeepers submit the refund paperwork to the Senior Accounting and Financial Systems Manager for approval.

Underpayments

\$4.99 or Less

Underpayments of \$4.99 or less will be accepted, as is, without any other collection efforts. The underpayment amount is charged against the appropriate income account under the cost center for that product or service.

\$5.00 or More

For underpayments of \$5.00 or more, the applicable department is made aware of the underpayment and the department employee may request an invoice from Accounting for the amount owed. In some instances (e.g., CLE products and seminars), the customer is automatically invoiced by Accounting.

Procedures for Refund of Income

All refunds shall be approved by the department requesting the refund. Approved refund requests are submitted to Accounting for processing. A customer refund is handled in the same way in which the payment was received.

Credit Card Refunds

For example, a customer who paid by credit card will be refunded by credit card. If the order was initially processed in Personify, it will be refunded through Personify. If the order was processed online (CLE bookstore or MCLE website), it will be refunded directly through Verisign, the online credit card processor.

Refunds by Check

If a payment was originally made by check, WSBA will write a check for the refund. Refunds by check will only be made after verification of collection of the initial check deposited by the WSBA (standard waiting period is 2 weeks).

Deferred Revenue

Deferred Seminar Revenue

Seminar registration fees are recognized as revenue in the year in which the related seminars are held. Deferred seminar revenue relates to fees collected for seminars to be conducted in subsequent years.

WSBA-Sponsored Professional Liability Insurance Program Rebates

From 1993 to 2005, the WSBA received rebates pursuant to an agreement with KVI/Marsh in exchange for sponsoring a professional liability insurance program. These rebates are restricted in that they are to be used at the WSBA's discretion to fund loss prevention projects, generally those which further educate lawyers in their ethical responsibilities. Historically, these rebates were used to offset losses to a CLE seminar on ethics, publish and distribute the Trust Account Guidelines booklet, and support traveling seminars put on by the Practice Management Assistance team geared to law office best practices. The rebates received were recorded in a liability account when received. Once funds are expended, the accounting for the use of the funds is done in either of two ways:

- When the WSBA uses those funds to offset losses to a CLE seminar: the CLE department prepares the preliminary seminar profit and loss statement for the seminar to determine the amount of the loss; then the Accountant prepares a journal entry and credits the agreed upon amount of Marsh funding to that CLE seminar income account in the general ledger, and reflects the amount as revenue on the final profit and loss statement. The Accountant debits the liability account.
- When the funds are used to support other Bar programs, such as PMA lawyer training or the publication of the trust account guidelines booklet, the appropriate expense account is charged. Periodically, the Accountant prepares a general ledger journal entry to credit revenue in the appropriate cost center (e.g., Audits or PMA) and debit the liability account.

Recovery of Discipline Costs under Rules for Enforcement of Lawyer Conduct

ELC 13.9 Costs and Expenses

Pursuant to ELC 13.9 *Costs and Expenses*, the WSBA may assess costs and expenses to a lawyer at the conclusion of the disciplinary process. The Bar seeks costs and expenses at the conclusion of every formal case that results in discipline, or when an Admonition becomes final. In resolving cases by Stipulation [ELC 9.1(b)(4)] the WSBA generally "adjusts" (with Disciplinary Board approval) the presumed expenses.

"Costs" are certain out-of-pocket expenses (court reporters, service fees, copying costs, hearing officer expenses, etc.) related to a disciplinary proceeding that results in disciplinary action (admonition, letter of censure, reprimand, suspension, disbarment).

"Expenses" are the reasonable charge for attorney fees and administrative costs, and are set at a presumed level, depending on the degree of review required for a matter to become final.

After assessment of costs and expenses, the Supreme Court may enter a monetary judgment [ELC 13.9(f)]. The judgment may be attached to the property of a respondent by filing the judgment with the Superior Court Clerk in the county where the property is located.

ELC 5.3(f)(2) Investigation of Grievance

Costs and expenses (generally \$500.00) are also allowed under ELC 5.3(f)(2), when a lawyer fails to cooperate in an investigation and a subpoena is issued to him, although the investigation may not result in disciplinary action.

Treatment of Costs and Expenses

Amounts due to the WSBA for discipline costs and expenses are not recorded as a receivable on the WSBA's books until actually collected due to the uncertainty of collection (even where judgments are recorded). When checks come in from lawyers related to their costs and expenses, they are processed as income under "Recovery of Discipline Costs."

Chapter 6: Expenses *(updated and approved by the Board of Governors on July 23, 2016)*

I. GENERAL EXPENSE REIMBURSEMENT POLICY

WSBA depends upon and values the time and talent of its employees and volunteers. As a steward of member funds, WSBA asks for employees and volunteers to help save costs. **WSBA will reimburse: (1) reasonable, (2) necessary, and (3) appropriately documented, out-of-pocket expenses incurred in connection with WSBA business or meetings, as set forth herein.**

A. Scope

This policy applies to all employees and volunteers while engaged in authorized WSBA work, including, but not limited to: the President, President-elect, and Immediate Past-President; Board of Governors; Board of Governors-elect; board, committee, task force, council, and panel members; section officers, executive committees and members; and invited guests. Any items not included herein deemed necessary to conduct the WSBA's business, or that deviate from these policies due to extenuating circumstances, may be approved by the WSBA Treasurer or the Executive Director in accordance with the WSBA Fiscal Matrix.

B. Liability

The financial liability of the WSBA to any board, committee, task force, council, panel or section is limited to the funds budgeted for it in the current approved budget of the WSBA. If any volunteer, board, committee, task force, council, panel or section (or any one of its members): (1) incurs a liability that is greater than the funds budgeted or otherwise approved; or (2) incurs a liability in excess or outside of the amounts allowed by this policy, such liability may be the personal obligation of the individual responsible for incurring or authorizing the liability.

C. Policy Exceptions

- WSBA ABA Delegate expenses shall be reimbursed up to a fixed amount set each year during the budget process.
- Certain expenses of WSBA Officers, Board of Governors, and the Executive Director shall be reimbursed in accordance with "IV. Expense Policies: WSBA Officers and Board of Governors" and Section "V. Expense Policies: WSBA Executive Director", *infra*.
- Section executive committees may use their discretion: (a) to use section funds to cover group meal expenses for one guest per section member attendee at section events open to all section members, at executive committee retreats, and at speaker or award dinners; and (b) to pay or reimburse a speaker or award recipient and guest for travel, meals, and lodging in accordance with WSBA expense policies.

D. General Guidelines for Reimbursement Requests

1. WSBA will not reimburse expenses that are reimbursed from another source.
2. WSBA will not reimburse expenses incurred by spouses, domestic partners or guests (hereafter collectively referred to as "guest" or "guests", except as identified in Section I.C above. However, WSBA will reimburse for double accommodation (as compared to a single).
3. In accordance with IRS requirements, any person seeking reimbursement from WSBA shall submit a signed, dated WSBA Expense Report, supported by detailed receipts. In the absence of a detailed receipt, up to \$75 may be reimbursed for an expense by completing an Expense Affidavit Form.
4. All WSBA Expense Report forms and receipts must be submitted within 60 days of incurring the expense;

with the exception that expenses incurred in September must be submitted within 30 days after WSBA's September 30 fiscal year end (by October 30). Reimbursement requests for expenses incurred in the prior fiscal year submitted after October 30th of the following fiscal year will not be paid unless approved by the Executive Director and Chief Operations Officer.

E. Travel Expenses

1. Volunteers (updated and approved by the Board of Governors on March 8, 2018):

WSBA encourages virtual meetings whenever feasible to accomplish board, committee, task force, panel, council and section work. Reimbursement of travel expenses to board, committee, task force, council, panel and section members residing out of state to attend their meetings is limited to the approximate cost of in-state travel¹.

2. WSBA Employees:

Employees must have prior authorization, from their supervisor or inherent in their job description, to incur travel, lodging, and meals expense on the job. Any costs beyond Seattle-Metropolitan area mileage (King, Pierce, and Snohomish Counties) related to attending Board of Governors meetings shall be pre-approved by the employee's director. All overnight stays at a Board of Governors meeting shall be approved by the Executive Director. For additional terms, see "III. Additional Employee Expense Policies".

F. Transportation

Subject to Section I.E, WSBA will reimburse transportation costs based on the limits set forth below. WSBA will not reimburse for lodging *en route*, and will only reimburse for the lesser cost of coach-economy airfare. Reimbursement for out-of-state meeting travel is limited to the approximate cost of in-state travel (the cost of traveling from the nearest Washington border).

1. Personal Autos: Mileage will be reimbursed at the IRS Standard Mileage Rate in effect at the time of travel. *Carpooling is encouraged.* Damage to personal autos while being used on WSBA business is not covered because a portion of the mileage reimbursement is intended to defray the insurance cost to the individual. Fines for traffic violations are also not reimbursable.
2. Rental Cars: Rental cars may be used only when economical compared to other modes of local transportation or if local transportation is nonexistent. Rental charges should be net of any discounts and will be limited to the rental cost of compact or standard-size cars.
3. Ground Transportation: WSBA will reimburse ground transportation, parking costs and tolls. WSBA will reimburse longer term airport parking at the lower of actual parking costs or an airport shuttle to/from the traveler's home.

¹ The approximate cost of in-state travel is deemed to be the cost of traveling from the nearest Washington border. For example, a member traveling from California would be reimbursed for the lesser of either (a) the mileage from Vancouver, WA; or (b) a flight from Portland, Oregon.

4. **Airfare:** WSBA will only reimburse coach/economy-class airfare, which should be booked well in advance of travel to obtain lowest possible fares. WSBA reserves the right not to fully reimburse for travel booked less than two weeks in advance of travel. WSBA will not reimburse for use of frequent flyer coupons or air miles. Use of private airplanes is permitted; however, reimbursement is limited to an amount not to exceed coach-class airfare on a commercial air carrier, purchased not less than two weeks in advance of travel, for the same or substantially similar route. WSBA will pay a cancelled airfare if it cancels a meeting. Airfare change fees will be paid for changes in a meeting schedule. *Reimbursement receipts for airline travel must include name of passenger, credit card used for payment, confirmation that flight was paid in full, date of flight, and departure and destination locations. Credit card statements and cancelled checks are not acceptable.*
5. **Other:** Reimbursement for any other method of travel will be reimbursed only in an amount that would have been payable had the most economical method of travel been used.

G. Lodging/Hotel Accommodations

WSBA will reimburse hotel/motel accommodations up to \$175 per night (\$200 in Seattle) plus taxes. With respect to out of state conferences, WSBA will reimburse hotel accommodations at the advertised conference hotel rate. If no lodging below the applicable limit is available or convenient in the area of the stay, department directors may approve reimbursements above the applicable per night limit. WSBA will not reimburse for incidental expenses such as entertainment, personal phone calls, etc. *Reimbursement receipts must include name/location of hotel, guest name(s), date(s) of stay, and breakdown of charges for lodging, meals, telephones, and incidentals.*

H. Meal Expenses

1. WSBA will reimburse meal expenses, including gratuity. WSBA will not pay or reimburse for alcohol purchases (see Section II. Purchase of Alcohol for Bar Functions). The WSBA will reimburse up to \$12 for breakfast, \$18 for lunch, and \$36 for dinner. If a person is traveling all day (for all three meals), he/she may combine the allowances set forth above into one per diem amount and reallocate the per-meal allowances as desired (e.g., spend more on lunch and less on dinner).
2. If a meal is provided as part of a meeting or conference, no reimbursement will be made for substitute meals.

I. Expenses Other Than Travel/Transportation, Lodging, and Meals

1. **Office Expenses:** Despite use of services available through the WSBA office, volunteers may occasionally use their own resources to conduct WSBA business. Where practical, volunteers are expected to absorb, without reimbursement, minor expenditures. However, to the extent that cost records are available to document specific out-of-pocket expenses, such as telephone calls and postage, reimbursement may be made. Expenses for photocopying and facsimile use will be reimbursed at rates set by the WSBA². No reimbursement will be made for office services not detailed by this policy (for example, voice mail charges, telephone connections, etc.). No reimbursement will be made for personnel costs or professional services without specific advance authorization.

² Photocopying charges will be reimbursed at the actual out-of-pocket expense up to 15 cents a page. For faxes, the WSBA will reimburse the lesser of (a) the actual cost to send the fax; (b) up to 25 cents per page; or (c) up to \$5 per transmission. Appropriate documentation detailing the number of pages, fax recipients, etc. is required. The WSBA will reimburse for the telephone costs associated with long distance fax calls if detailed cost records are available.

2. Gifts/Awards: WSBA will reimburse costs (up to \$100) for the purchase of gifts, plaques or similar items recognizing an individual's extraordinary volunteer service to the WSBA and/or its component parts. Gifts from volunteers to WSBA employee are prohibited except for *de minimis* or token appreciations (up to \$50). All employee liaisons to boards, committees, task forces, councils, panels or sections should make sure the group is aware of this policy.
3. Miscellaneous: Reimbursement for expenses not otherwise described by this policy may be allowed when reasonable, necessary, appropriately documented, explained, and approved by the Executive Director or WSBA Treasurer in accordance with the Fiscal Matrix.

II. PURCHASE OF ALCOHOL FOR BAR FUNCTIONS

The WSBA prohibits the use of WSBA funds to purchase alcoholic beverages.

- A. WSBA will not pay for or reimburse alcoholic beverages purchased by volunteers or employees as part of a meal. Such purchases shall be segregated from meal expenses and paid for by the individual ordering them.
- B. Alcoholic beverages may be served at WSBA functions, as long as they are: (1) paid for with personal funds (e.g. no host bar), or with non-WSBA funds raised for that purpose; (2) paid directly to the vendor; and (3) served by a licensed bartender.

III. ADDITIONAL EMPLOYEE EXPENSE POLICIES

A. Weekend Work

Working on a weekend is treated like any other workday. Meals, daycare, etc. will not be reimbursed. However, in some circumstances, employees may be reimbursed for parking if they are required to work on a weekend (see "Private Auto- Parking" policy below).

B. Transportation

1. Rental Cars: Car rental requires pre-approval of a department director, and may be used only when economically practical compared to other modes of local transportation or if local transportation is nonexistent. Rental charges should be net of any discounts and will be limited to the rental cost of compact or standard-size cars. It is helpful to rent the car in the name of the WSBA. However, the WSBA's insurance policy contains an endorsement which extends coverage for damage to rental cars even if they are rented in an individual's name as long as they had permission from the WSBA and they are on WSBA-related business (the endorsement is intended to fill in the gaps where someone doesn't or can't rent the car in the WSBA's name). The WSBA will not pay for additional insurance coverage; the renter should decline coverage when renting in the WSBA's name.
2. Private Auto – Parking: Employees who purchase a monthly parking space are eligible for daily parking reimbursement at a prorated rate (1/21 of the monthly parking cost) on days they are required to use their vehicles for business. Employees who normally take public transportation but occasionally need their car for work may be eligible for reimbursement of actual parking costs. This option is expected to be used only occasionally and may apply regardless of whether the employee returns to the WSBA at the end of their work day. In addition, employees whose work assignments temporarily require substantial after-hours and weekend time in the office may request reimbursement for parking, subject

to department director approval. Examples of such situations include the following: hearings; bar exam preparation; committee, section, or board meetings; or other projects.

3. Taxi Rides: As part of the Metro Area FlexPass program, employees who have a FlexPass and use an eligible method of transportation to work may use a taxi to get home if they meet certain emergency criteria. See the Human Resources Department for details. Directors may authorize a WSBA-paid taxi ride home in extenuating circumstances.
4. "Advances" For Travel or Expenses: The Executive Director, upon a director's recommendation, may approve travel advances. Requestors should allow sufficient time to prepare the check.

C. Meals

1. With Volunteers: Picking up the tab for lunches with volunteers outside of regular meetings should be done with caution because of consistency, fairness, and appearances. Director approval is required. Any such expenses should be charged to the committee or function budget.
2. "Buddy" Meals: Employees assigned to be the "buddy" of a new employee may take the new employee to lunch. Moderately priced lunches (around \$20 per person) should be the norm.

D. Professional License Fees

WSBA will reimburse an employee or directly pay for fees associated with professional licenses that the employee legally must have to perform his/her job at the WSBA, or which the Executive Director determines are in the interest of the WSBA for the employee to have. This includes, for example, WSBA licensing fees (but not section membership fees) for attorneys whose positions require a license to practice, the State Board of Accountancy licensing fees for CPAs, and the Department of Health licensing fees for LAP psychotherapists. Such reimbursements/payments are prorated for new employees based on the calendar year and date of beginning work at the WSBA, as follows:

Month	% Reimbursed
January	100%
February	92%
March	83%
April	75%
May	67%
June	58%
July	50%
August	42%
September	33%
October	25%
November	16%
December	8%

E. Professional Liability Insurance

WSBA reimburses Lawyers Assistance Program employees for the cost of professional liability coverage for their activities conducted pursuant to their employment with WSBA. An employee who leaves WSBA employment during the insured period must refund to the WSBA that portion of the reimbursement covering any insured period after WSBA employment ends.

F. Employee Membership Dues

WSBA may reimburse or pay membership dues for employees to belong to local, state, or national organizations, subject to director approval and budget constraints.

G. Employee Cell Phone Expense Reimbursement Policy

This policy covers the reimbursement policies and procedures for business use of employee-owned cell phones.

A. Personal Cellular Phone Reimbursement – Ongoing Basis

A person who qualifies for a WSBA issued cell phone (based on their job duties) but chooses to use his/her personal cellular phone for WSBA business may be authorized to seek reimbursement in lieu of being issued a WSBA cellular phone as long as:

- a. The director and user agree on a fair and equitable way to allocate the charges between WSBA and the user based on cost or time spent on WSBA calls vs. personal calls (Note: Permanent users can be reimbursed for charges based on unlimited minute plans); and
- b. The appropriate director approves such arrangements in writing.

The employee shall submit a Check Request or Expense Report, along with a copy of his/her cell phone bill showing the charges and specific WSBA-related calls. WSBA cellular phone bills shall be charged to the appropriate cost center (department telephone expense) on the Check Request.

B. Personal Cellular Phone Reimbursement – Occasional Basis

Employees who occasionally incur cell phone charges for WSBA-related business on a personal cell phone are authorized to submit an expense reimbursement if:

- a. The use of phone was *necessary* for the performance of job duties; and
- b. The personal cell phone plan is such that cell phone owner is actually charged for the WSBA calls and the cost of WSBA-related calls are easily determined as follows: (a) charges are based on per minute charge; or (b) a flat fee is charged for an allotted number of minutes; a per-minute charge applies to minutes beyond the allotment; and the WSBA call(s) resulted in the owner going over the allotted minutes.

No reimbursement for occasional WSBA-related calls where plan charges are based on unlimited usage (WSBA will not pay a percentage of the total monthly fee). The employee shall submit a Check Request or Expense Report, along with a copy of their cell phone bill showing the charges and specific WSBA-related calls. WSBA cellular phone bills shall be charged to the appropriate cost center (department telephone expense) on the Check Request.

H. Employee Parties and Celebrations

1. Generally, events in which all employees are invited to participate, or were approved by the Executive Director and the directors in advance, are paid by the WSBA. These include:
 - Activities Committee events (e.g., potlucks, annual holiday party, monthly birthdays, ice cream socials, etc.);
 - Lunch on records clean-up days;
 - Refreshments for all-employees meetings; and
 - Executive Director's purchase of treats for the entire employees for a special occasion.
2. Examples of where the WSBA *will not pay* include (any exceptions to this must be approved in advance by the Executive Director):
 - Personal celebrations like showers for weddings or babies;
 - Flowers for personal events, like illness or death in the family; and
 - Going-away luncheons or gifts.

I. Employee Development Budget

Each director is given an annual Employee Development budget, with sole discretion to use Employees Development funds reasonably for team building items such as employee retreats or activities, department meeting meals or snacks, coffee or lunches with employees, and tokens or small gifts of appreciation for employees.

IV. EXPENSE POLICIES: WSBA OFFICERS AND BOARD OF GOVERNORS

The officers and members of the Board of Governors (including sitting and newly elected officers and Governors) are fiduciaries of WSBA and ambassadors to WSBA boards, committees, task forces, councils, panels and sections; to local and specialty bar associations in Washington State; and to other related groups or officials. It is expected that WSBA officers and governors will incur certain expenses in furtherance of this responsibility, and will comply with the expense policies of the WSBA, with the following exceptions:

A. Guest Meal Expenses

Individual meals for a guest of an officer or governor may be reimbursed when no group meal is provided (up to the limits set forth in the "Meal Expenses" section of the General Expense Reimbursement Policy). Separate lodging/rooms and transportation costs will not be reimbursed.

B. Officer and Governor Attendance at Law-Related Events

From time to time WSBA officers and governors are invited to attend a ticketed, non-educational event sponsored by an outside organization. Usually, these invitations come from local or specialty Bar Associations in the state of Washington, or a similar national organization having a local meeting, or other law-related organizations. The primary purpose of the event may be to raise funds for the organization, or it may be social or networking occasion.

The Board affirms its role as a statewide organization to reach out to these interest groups, to encourage and support other Bar Associations and law-related organizations, to further the understanding of the activities and purposes of the WSBA, and to foster collegiality among its members and goodwill between the Bar and the public; in a fiscally prudent manner.

To this end, WSBA will annually reimburse expenses incurred for group registration events as follows:

	Statewide Events	Local and Specialty Bar Events	Significant County Bar Events
Officer	yes	up to 8	yes
Governor	yes	up to 6	In Governor's home district

The Executive Director may approve exceptions to these limits. WSBA reserves the right to request reimbursement for cancellations to group registration events.

C. Officer and Governor Travel to and Attendance at National/Regional Events

Educational, training, or networking events for officers and/or governors are approved as part of the budget process based on the educational/networking value. Examples include the Bar Leaders Conference, Western States Bar Conference, American Bar Association annual or mid-year meetings, or meetings of the National Council of Bar Presidents.

The following policy has been adopted by the Board of Governors:

1. Officer Conferences

The President is budgeted to attend one National Conference of Bar Presidents meeting and the Western States Bar Conference. The President-elect is budgeted to attend the Bar Leaders Institute in Chicago, and one National Conference of Bar Presidents meeting.

2. Governor Conferences

Governors may attend one conference in their second year on the Board of Governors.

V. EXPENSE POLICIES: WSBA EXECUTIVE DIRECTOR

The Executive Director is an ambassador of WSBA to WSBA boards, committees, task forces, councils, panels and sections; to local and specialty bar associations in Washington State; and to other related groups or officials. It is expected that the Executive Director will incur certain expenses in the furtherance of this responsibility. The Executive Director shall comply with the expense policies of the WSBA, with the following exceptions:

A. Guest Meal Expenses

Individual meals for a guest will be reimbursed only at Board of Governor functions when no group meal is provided (up to the limits set forth in the "Meal Expenses" section of the General Expense Reimbursement Policy). Separate lodging/rooms and transportation costs will not be reimbursed.

B. Attendance at Law-Related Events

The Executive Director shall be reimbursed for attendance at law-related events when he/she is attending in his/her official capacity.

C. Travel

Reimbursement will be made for travel costs (transportation, lodging, meals and incidentals) to other bar associations when the purpose of the trip is to meet with another bar's Executive Director or elected official(s) for the purpose of furthering WSBA business. This would include local and specialty bar associations in Washington State, and unified or voluntary bar associations in other states. The Executive Director is also reimbursed for attendance fees and travel and lodging expenses to attend work-related educational seminars, such as, but not limited to, American Bar Association, Western States Bar Conference, Bar Leaders Institute, and the National Association of Bar Executives.

D. Meals

WSBA will reimburse meal expenses of the Executive Director and any WSBA or Washington State elected or appointed official(s) when the purpose of the meal is for the Executive Director to conduct WSBA business with the official(s). This would also include Washington state local and specialty bar elected or appointed officials.

E. Review of Payments to Executive Director

At least quarterly, the Treasurer shall review the payments made to the Executive Director (including salary, benefits, credit card charges, and reimbursements). The Associate Director of Finance prepares a quarterly report for the Treasurer to review and sign.

VI. CLE SPEAKERS/PROGRAM PARTICIPANTS EXPENSES

In general, reimbursements to speakers and program participants shall be reimbursed according to the WSBA guidelines. However, with prior approval of the Executive Director, WSBA may approve reimbursements for lodging and meal expenses above the WSBA rates, as supported with appropriate receipts.

VII. ACCOMMODATION FUND

A. Purpose

The WSBA Accommodation Fund and Procedures are established to support the WSBA Accessibility Policy and ensure reasonable accommodation to members' participation in WSBA services, programs and events. Accommodation for services, programs and events is available to all members with disabilities. Reasonable accommodation includes such accommodation as sign language interpretation, sound enhancement, or other accommodation requested by members wishing to participate in WSBA services, programs and events.

B. Procedures

Persons should request accommodation through WSBA employees organizing the event (Organizer). The request should describe the event or series of events and the accommodation requested. Dialogue with the person requesting accommodation may be necessary to assure the most appropriate accommodation. All accommodation requests should be made as far in advance as possible, at least two weeks in advance of the event is strongly recommended to allow the best accommodation possible. The Organizer will review the request and outline the reasonable accommodation available. Reimbursement requests or pay-ahead service requests will be handled by the Organizer to ensure privacy. Should the request be beyond the expertise of the Organizer, even after consultation with Human Resources, outside experts will be consulted.

C. Other

The Accommodation Fund is intended primarily for use by WSBA members — other resources are available for WSBA employee accommodation and the Accommodation Fund is not intended to cover other overall accessibility accommodation which are budgeted for separately. The Accommodation Fund is not intended to cover facility or general accommodation needs. These matters will be handled by employees working with the facility at which the meeting or event is to be held.

D. Funding

The amount of funding available for accommodation will be set annually as an estimate of need in the budget process but may be modified by the Budget and Audit Committee if further needs arise to assure accommodation. The Organizer shall work with the Chief Operations Officer to prepare a request for increased funding which will be considered by the Budget and Audit Committee at its next meeting. In time sensitive circumstances the Executive Director can preliminarily approve a request which exceeds the Accommodation

Fund, so long as the funds are available within the current fiscal year budget, subject to the Fiscal Responsibility Matrix.

VIII. WSBA CREDIT CARDS

Each department director and some employees who frequently incur travel expenses (e.g., investigators) are issued individual WSBA corporate credit cards ("card holder") to cover WSBA business expenses only; personal charges are not allowed. An exception is if the charge contains personal expenses beyond the WSBA limit, in which case the card holder shall submit a check to Accounting with the credit card bill. All charges on a WSBA credit card must be supported by appropriate detailed receipts.

Card holders may authorize their employees to use their credit card for business expenses. However, the card holders remain responsible for all charges made using their credit card; specifically, that all charges comply with WSBA policies, are made within the delegated budget authority, and are coded to the proper general ledger account.

Each card holder must approve the monthly statement for his/her credit card. The monthly statement, along with detailed receipts and general ledger coding information, shall be submitted to the A/P Bookkeeper within 10 days of the end of the month.

Employees who support the WSBA's conference rooms and CLE Conference Center may be issued credit cards for the purpose of purchasing office supplies, food service, kitchen supplies, etc. in order to efficiently and cost-effectively manage the conference rooms and provide support to employee meetings. The monthly American Express bill shall be reconciled and coded to the proper general ledger accounts, then given to the Chief Operations Officer for review and approval.

IX. FUNCTIONAL ACCOUNTING/ALLOCATION OF INDIRECT EXPENSES

"Indirect" expenses are expenses that benefit the whole organization; in many ways they are the basic cost of doing business. Examples include salaries, benefits, rent, telephone, insurance, legal advice, auditing services, computer equipment, etc., as well as all-employee meetings, coffee/tea service, etc. GAAP does not require a specific method of allocating expenses to their appropriate function. There are numerous ways to allocate common expenses, but there is no one correct way. However, the method chosen must be meaningful, reasonable, accurate, and consistently applied. Changes in the method of allocating indirect expenses, and what specific expenses are included in indirect expenses, are generally disclosed in the audited financial statements.

The main goal of allocating common expenses is to provide the "true cost" of each program. However, getting a "true cost" is a misnomer, since different allocation methods will produce different results. The organization must choose a reasonable method that makes sense and will produce "accurate enough" information. Thus, it is important to understand that you are never really seeing the true cost of any program; you are seeing as close as we can get based on the allocation method chosen. A good example of this is how the WSBA treats certain support expenses. The WSBA has several departments which support all the cost centers, but for which the costs are not allocated to the indirect pool. No employee time for the Human Resources department or Information Technology department is allocated to other cost centers, although they primarily exist to support all cost centers. Thus, the "true cost" of a program does not include many of the WSBA support functions provided to it. It is helpful to understand this when conducting reviews of programs and cost centers.

WSBA has been using functional accounting since 1992. Direct expenses are recorded 100% to the appropriate cost center. Examples include committee expenses, employee travel, events, etc. The WSBA allocates indirect expenses as follows:

- Salaries – Salaries are directly allocated (through payroll) to the cost centers in which the employees primarily work. For example, some employees are allocated among several cost centers in one department (e.g., Advancement or Regulatory Services Department). Many employees are allocated to only one cost center, although they perform work for many functional areas (e.g., Finance and Administration Department employees). *The allocation of employees is done through the budget process; employees are allocated throughout the year just as they are budgeted.* Therefore, a person may be budgeted at 25%, but may actually spend more or less of their time performing work for that cost center. However, the person is allocated through payroll at 25% regardless of their actual time spent unless a mid-year change in actual allocation is authorized by the Executive Director¹. Actual time is considered in allocating employees for the next budget year.
- Benefits – When incurred, benefits expenses are pooled together and allocated among the cost centers *based on the salary expenses (dollars, not FTEs)* for each cost center. This method proportionately distributes benefits in relationship to the salaries expenses. Thus, the departments with higher-paid employees will also incur a higher share of benefits expense.
- Other Indirect Expenses (insurance, telephone, professional fees, etc.) – The WSBA allocates all other indirect expenses based on the *number of FTE's* in a cost center. For example, if a cost center has 10 out of 138 of WSBA's FTEs, then it will be allocated 7.2% (10/138) of the pool of indirect expenses.

¹ Note: The WSBA used to allocate salaries based on the actual time spent each payroll; however, this method was discontinued due to its unpredictability, volatility, and the cost of tracking such detail.

Chapter 7: Other Accounting Policies

Policy on Committee and Board Use of WSBA Funds

This Policy restricts committees (standing, ad hoc, special, or other) and boards from donating or contributing WSBA funds to programs or causes not specifically authorized in the approved budget. This restriction on the use of WSBA funds does not apply to sections since general WSBA funds are not used for sections.

Donations/Contributions/Sponsorships to outside entities

WSBA committees and boards are prohibited from donating, contributing to, or financially sponsoring outside entities or causes with WSBA funds even if the allocated budget has unexpended funds, except with special authorization from the WSBA Executive Director. This applies to donations to entities such as other bar associations, legal organizations, or outside causes. Requests made to the Executive Director must be made in writing at least 30 days prior to the desired date of the contribution.

Making charitable contributions

WSBA committees and boards are prohibited from making charitable contributions with WSBA funds.

Contributing to WSBA-Funded Programs

WSBA committees and boards are prohibited from donating or contributing WSBA funds to other WSBA-funded programs.

Employee Gifts

Use of WSBA funds, including committee and board budget funds, for gifts to WSBA employees are prohibited except for *de minimis* or token appreciations.

Pre-approval of Form Content

The Senior Accounting and Financial Systems Manager must **pre-approve** the **content** of all documents that request payment (such as event registrations, order forms, or applications) that WSBA intends to either mail out or include in the *NWLawyer*, on the Bar web site, or in newsletters. This type of document must include specific information to ensure the correct application of any payment(s) returned to the Bar. Accounting must review the document **before** the document is mailed or published.

In the case of form letters, the template should be given to the Senior Accounting and Financial Systems Manager for review and approval before any letters are mailed. In the case of order forms, once the order form is designed (but not yet mailed or published), a "draft" copy should be given to the Senior Accounting and Financial Systems Manager for review and approval.

WSBA Price List and User Fees

User fees for Bar products and services are set and revised periodically either during the budgeting process or as deemed appropriate by the department director or Budget and Audit Committee of the Board of Governors, or by the Board of Governors.

Taxes

Local Taxes

WSBA pays personal property taxes to the City of Seattle in accordance with local laws.

State Taxes

WSBA pays taxes to the State of Washington for:

- Use and sales taxes on the sale of taxable products;
- Department of Labor and Industry (L & I) workman's compensation taxes (the reports are prepared and filed by WSBA); and
- State Unemployment (SUTA) tax, which is paid on an "experience" basis only (the SUTA reports are prepared quarterly by ADP, WSBA's payroll vendor).

WSBA is exempt from State of Washington:

- Business and Occupation (B & O) tax, since WSBA is an instrumentality of the State Supreme Court.

Federal Taxes

The WSBA does not pay Federal Unemployment (FUTA) tax.

Letter regarding WSBA Tax Exempt Status

Please contact the Office of General Counsel or the Chief Operations Officer.

Grants

WSBA programs may seek grant funding from foundations/organizations to support specific projects/programs.

Grant application

- With the support of the Executive Director, applications for grants, budget worksheets, grant checklists or work plans will be completed by the WSBA program requesting the grant.
- General Counsel will review grant applications for legal content.
- Accounting information will be reviewed by the Chief Operations Officer before submission.
- The Executive Director will approve in-kind expenses related to a grant.
- The Executive Director or designee must approve the grant request before the application can be submitted to the funding organization.

Grant Awards

- Grantees will alert the Accounting Division as to the amount and approximate date of receipt of grant funds.
- Reports, as required by the grant, will be completed by the grantee with assistance from Accounting.
- If unused funds are to be returned to the Grantor at the end of the grant period, the grantee and Accountant will balance the dollar amount to be returned. A Check Request will then be prepared by the grantee and, after securing proper approval, forwarded to Accounting for processing.

Managing Grant Funds

- If grant amount is over \$20,000 and anticipated to benefit more than one fiscal year, the amount received will be deposited into a liability account and moved monthly as funds are spent. If the grant is anticipated to be used in the current fiscal year, the funds will be deposited into an income account when received.
- The Accountant will review grant status with the grant recipient at fiscal year-end to determine and record the amount to be carried forward to the next year. Unexpended grant funds (i.e., for grants that cover more than one fiscal year) will be moved to a liability account at fiscal year-end by the Accountant. This net amount would be adjusted for any expenses not charged as direct expense (i.e., salary/benefits, rent/office space) but included in the grant. The Accountant will move those funds to the income account in the appropriate cost center as the related grant expenses are incurred.
- Expenses will be charged to an expense account within the same cost center.
- WSBA may charge an administrative fee. The fee amount would be determined by the grant requirements.
- Awarded Grants will be included within the appropriate cost center's income and expense categories in the annual budget process for that particular fiscal year.

Public Records Access and Fee Policies

WSBA's public records policies and procedures are set forth at <http://www.wsba.org/About-WSBA/Contact-Us/Request-Public-Bar-Records> .

Chapter 8: Summary of Internal Accounting Controls

Bank Accounts

- The Board of Governors approves banking authorities.
- The Bank is notified timely of signature changes.
- The Accounting employee who makes the daily deposit is someone other than the employee who processes the receipts.
- The A/P Bookkeeper or Senior Accounting and Financial Systems Manager do not have signing authority to any WSBA bank accounts.
- Check signers are independent of check preparation.

Bank Reconciliations

- Bank statements are delivered to the appropriate independent person unopened or provided via online access
- WSBA employees reconciling the bank accounts are not involved in day-to-day processing of receipts or expenses.
- Bank reconciliations are generally completed by the 20th working day of each month.
- Copies of completed bank reconciliations are distributed to the Chief Operations Officer and Senior Accounting and Financial Systems Manager for review.
- A detailed process is followed for checks outstanding for over 90 days.

Investments

- Investment guidelines are approved by the Board of Governors.
- WSBA employees authorized to invest are approved by the Board of Governors.
- All investment paperwork is kept in a safe location.
- All investments are under the name of the Washington State Bar Association or the Client Protection Fund.
- Detailed records are kept on each investment (for example, purchase date, maturity date, interest rate, annual percentage yield, how interest will be paid, purchase price, name of institution, etc.).
- Detailed records are kept by someone other than the person who authorized the investment.

Cash/Check Handling

- Incoming mail is initially opened by two employees (Production employees) with no access to accounting records.
- The cash/check processing is always done by a minimum of two WSBA employees.
- The process results in a daily grand total which is balanced once all receipts are processed.
- WSBA employees do not count/tally a category of receipts they would then process.
- All checks are locked up in a secure location until they are deposited into the bank. Only authorized Accounting employees have access.
- Daily receipts are deposited into the bank by the end of each day.
- Cash received at the front desk is recorded on the log sheet.
- Cash received at the front desk is locked up when the office is closed.
- Payments (checks, cash or credit card info) and backup from an outside event are collected by WSBA employees at the event and turned into Accounting the first day the employees return to the office.

Petty Cash

- Petty Cash boxes are kept in a secure location – always locked when the office is closed.
- Access to Petty Cash is limited to a small number of employees who do not process receipts.
- Petty Cash boxes are audited regularly by someone without regular access to the box.
- Reimbursements for petty cash expenditures up to \$30 or \$50 are disbursed by a limited small number of employees.
- Petty Cash forms must be completed with documentation and approval before funds can be disbursed.
- Petty Cash will be replenished by completing a Check Request and being processed through the Accounts Payable process.
- IOU's, employee advances, and check cashing are not allowed.
- Petty Cash boxes are kept separate and not mingled with any other cash.

Credit Card Information

WSBA will take necessary steps to ensure it complies with federal and state laws regarding the protection of credit card information (payment card industry data security processing standards). The following general guidelines shall be followed:

- Where possible and feasible, the preferred method of receiving credit card information is from customers/members online whereby the credit card numbers are never seen by employees. Therefore, WSBA shall attempt to provide as many of its products and services online as is possible.
- Where credit card information is received in the mail on WSBA forms, via email, through a walk-in, or by telephone, the following guidelines apply:
 - Employees shall take care to adequately secure, in a locked location, any credit card information until it is processed by Accounting (see specific procedures in Chapter 5). Employees may lock such information in drawers or cabinets or use lockboxes provided in Accounting, the Service Center, and EOD/CLE. The fewer people that handle credit card information, the better.
 - After the credit card information is entered into Personify, where the payment is processed, it shall be thoroughly redacted from the form before scanning, sending to other departments, or storage.
 - Original forms containing redacted credit card information that are maintained by departments outside Accounting shall be kept in a locked location until they are destroyed.
- Employees do not have access to credit card numbers stored in the Personify database or Cybersource because the numbers are encrypted for security.
- Credit card numbers and payment information is not subject to public disclosure and should never be given to anyone outside of the WSBA.

Accounts Receivable

- All invoiced items will be processed through the accounting software.
- Any adjustments must be approved by appropriate department director.

Cash Disbursements

- Checks are pre-numbered and used in sequence.
- Blank check stock is locked up and access is limited.
- A/P Bookkeeper does not have authority to approve or change expense requests.
- A/P Bookkeeper audits reimbursement forms (Check Requests, Expense Reports, and Petty Cash Slips) for accuracy and adherence to policy.
- A/P Bookkeeper ensures each Check Request or Expense Report has been approved by an authorized employee.
- All checks are processed through the accounting software system.
- Blank checks are not signed.
- Checks are always made payable to a person or company - never to cash or bearer.
- Checks presented for signature include backup explaining the reason for the check.
- A copy of the check is attached to the backup and filed in the 'paid' file.
- Voided/spoiled checks are stamped 'void' and maintained in locked cabinet for safekeeping.

Check Signature Stamp Policy

This Check Signature Stamp Policy is designed to speed up the check signing process while providing adequate internal controls over the signature of checks. This policy is only applicable to the Executive Director; other check signers must personally sign the checks. The Check Request will be initialed by the Executive Director, indicating approval to stamp the checks. The Executive Director will then contact Finance & Administration Administrative Assistant, who will pick up the checks, stamp them, and mail them. Any checks that have not been approved will be given to the A/P Bookkeeper for further review.

Exception: Any checks over \$10,000.00 require two signatures and will be hand signed by both signers and included for mailing with the regular checks.

The only person with access to the signature stamp will be the Finance & Administration Administrative Assistant, who will keep it locked up at all times. At no time should the Senior Accounting and Financial Systems Manager or the A/P Bookkeeper have access to the stamp.

Miscellaneous

- A/P, A/R and General Ledger functions are performed by separate employees.

Chapter 9: Client Protection Fund

Accounting Policy

In 1995, the Washington Supreme Court and the WSBA created the Client Protection Fund ("Fund"). The Fund may be used for the purpose of relieving or mitigating a loss sustained by any person due to the dishonesty of, or failure to account for money or property entrusted to, any member of the WSBA in connection with the member's practice of law, or while acting as a fiduciary in a matter related to the member's practice of law. The Fund is governed by Admission to Practice Rule 15.

The Fund is maintained as a trust, separate from other funds of the WSBA. The Fund has its own checking/savings account and investment accounts. The Fund is maintained as a restricted fund on WSBA's books (designated as a separate cost center in the general ledger). The Fund is completely self-supporting – it receives no revenue from the WSBA or other entities. The Fund cannot expend more than it has collected.

Revenues

Each active WSBA member must pay an annual assessment to the Fund; this is the Fund's main source of revenue. Assessment amounts are set by the Supreme Court, based on recommendations by the WSBA Board of Governors. Assessments are invoiced with each active member's license fee and are deposited in the WSBA general checking account. During the closing period at each month end, the Accountant makes a journal entry in the general ledger to transfer the assessments received that month from the WSBA general checking account to the CPF checking account. This amount is transferred by the Senior Accounting and Financial Systems Manager from the WSBA checking account to the CPF checking account.

The Fund's excess cash is invested in accordance with WSBA's Investment Policy. Journal entries for the Fund's investment income are prepared by the Associate Director of Finance and given to the Accountant for posting.

The Fund attempts to recover its payments from the lawyers on whose behalf gifts are made, and thus receives some restitution payments. These payments are deposited in the Fund's checking account when received, and recorded in the Fund's restitution general ledger revenue account.

Expenses

The Fund's major expense is gifts made to injured clients. Clients make application for a gift by completing and submitting an application form; the CPF Committee employee liaison makes recommendations and the CPF Committee and/or trustees approve applications. Once approved, the applicant must sign a subrogation agreement. The CPF Committee employee liaison prepares a Check Request and submits it to the A/P Bookkeeper, who prepares checks payable from the CPF checking account. The Accountant makes the appropriate journal entries on the CPF general ledger.

The Fund also pays its administrative costs, which consist of its share of WSBA salaries, benefits and overhead (indirect) expenses, and expenses of the CPF Committee, which oversees the Fund and approves payments. These expenses are recorded at the end of each month.

The Accountant prepares a preliminary Statement of Activities for the Fund each quarter end to determine the liability to the WSBA general fund for CPF expenses paid that quarter by the WSBA. Once that amount is determined, the Accountant gives the reimbursement amount to the Senior Accounting and Financial Systems Manager, who transfers the reimbursement amount from the CPF checking account to the WSBA checking account.

Financial Reports

Each quarter, the Accountant prepares a Statement of Financial Position and a final Statement of Activities, for the quarter and year-to-date, and a Statement of Changes in Net Assets for the year-to-date. These statements are sent to the CPF employee liaison who reviews them with the CPF Committee. Annually, these financial reports are included in the annual CPF report to the Board of Governors.

Chapter 10: Sections

Overview of Section Funds

WSBA has unrestricted, designated, and restricted fund balances. See Chapter 4, Unrestricted and Restricted Fund Balance Policy. All funds collected by the WSBA on behalf of a Section are subject to the control and fiscal oversight of the Board of Governors. Beginning in fiscal year 1994, the Board directed that the total difference between revenues, and direct and indirect expenses, for all Sections each year be designated as Section funds. Indirect expenses are that portion of the WSBA's employees' time and overhead expenses attributed to support of and work for the Sections (reimbursed through the "per-member" charge). Separate ledgers will be maintained for each Section, making up the total for the Section funds.

It is recommended that a Section's fund balance be consistent with its future needs. Generally, the purposes of a fund balance are to:

- Provide a cushion for an unexpected shortfall in revenue.
- Provide a cushion for an unexpected expense.
- Provide for a specific future event that does not occur annually.
- Provide the ability to take advantage of an unforeseen unique opportunity.

A Section's fund balance should be enough to sustain a consistent level of programming in the event there are severe fluctuations in annual Section membership (six months' worth of direct programming expenses are recommended as a guideline). In addition, a Section may plan for specific stated purposes (e.g., scholarships, special events, conferences, publications, and other member benefits). Sections are discouraged from maintaining fund balances in excess of two years' worth of direct programming expenses and specified purposes.

If a Section finds it has accumulated a larger fund balance than recommended above, Section leadership should devise a plan to spend down the fund balance by budgeting and incurring a loss in one or more subsequent fiscal years. Some suggestions are as follows:

- Reduce member dues.
- Subsidize the cost of full-day seminars by reducing the cost per member (the Section will pay the difference between the standard seminar price (\$199 or \$225) and what the Section would like to charge).
- High visibility or national-level speaker for a CLE program.
- Scholarships for law school students.
- Special educational projects (e.g., youth courts, mock trial programs, law school events).
- Improve membership resources (e.g., newsletters, website, law updates, handbooks, publications).
- Annual grant program to help support work of community-based programs providing access to civil legal services.
- Produce or sponsor law-related public information (e.g., Citizens' Rights brochures, sponsor lawforwa.gov website or votingforjudges.org, TVW's "The Docket").
- Donate to Washington State Bar Foundation's Loan Repayment Assistance Program (LRAP).
- Sponsor WSBA's Leadership Institute Fellows' projects through the Washington State Bar Foundation.

Executive Committees' Fiscal Responsibility

Each Section is entrusted with funds that are paid by its members as dues and that are the fruits of volunteer efforts (such as the Section's share of revenues from CLE programs and mid-year/annual meetings). Each Section's Executive Committee is charged with the duty of approving Section expenditures. As stewards of the Section's finances, the Committee should be responsible in authorizing expenditures in accordance with WSBA and Section policies.

Section Budgets

WSBA's and the Sections' fiscal year is October 1 through September 30. Section budgets are approved annually by the Board of Governors as part of the WSBA's annual budget. See Chapter 1, Key Fiscal Policies – Budget Policies and Process.

Monthly Financial Reports

Monthly financial statements will be sent to each Section chair, chair-elect, and treasurer within 30 days of the close of each month with the exception of September due to the close of the fiscal year-end. These summary reports will show the Section's annual budget, actual monthly revenue and expenses, and year-to-date revenue and expenses. A detail report of posted transactions will also be provided. Section chairs, chairs-elect, and treasurers should review their Sections' monthly financial statements for accuracy and comparison to budget, and contact the Section Leaders Liaison if they have any questions about the amount of an income or expense item, the category in which it is recorded, or any other concerns.

Section Revenue

Member Dues

Section member dues are collected by the WSBA throughout the year. Each fall, membership renewal forms are sent to all WSBA active members and Section subscribers from the prior fiscal year.

Interest Earned on Section Fund Balances

Annually, each Section will receive interest income on its fund balance. The calculation and journal entry will be made at the close of WSBA's fiscal year, prior to the annual audit of WSBA's financial statements. Each Section's share of interest income will be determined by taking the average interest rate earned by WSBA on its investments that fiscal year (excluding investments of reserve funds) and applying that rate to the average of the final year-end fund balance of each Section in the current and preceding fiscal years.

WSBACLE and Programs Presented in Partnership with Sections *(updated and approved by the Board of Governors on July 27, 2018)*

Programs Co-sponsored with Sections

The goal of all WSBA CLE programs is to support the mission and strategic goals of the organization. WSBA Sections are an important partner in these efforts. WSBA retains fiscal reserves ("WSBA CLE Fund") to mitigate against changes in the CLE market, sustain and improve important technology required for the delivery of CLE programs, and protect against unexpected revenue shortfalls.

Net seminar and any associated net on-demand product revenue for all WSBA CLE programs developed in partnership with Sections (excluding mini-CLEs) will be split between the WSBA CLE Fund and the partnering Section's cost center. Beginning with seminars delivered in FY19, net revenues will be split 50-50 (%) between the WSBA CLE Fund and the partnering Section's cost center, up to a total net revenue of \$8,000. Net revenue exceeding \$8,000 will be split 65% to WSBA and 35% to the Section. WSBA will absorb any net losses sustained by individual programs.

In calculating net revenue, WSBA will subtract all direct and indirect costs for the development of the live program and on-demand product from the gross revenue of the live program and on-demand product sales. WSBA will keep the Section informed of the program financials in a timely and transparent manner. Following each fiscal year's close, the partnering Section will receive its portion of any net revenue earned in that fiscal year, based on audited financial statements.

Because the CLE market is dynamic, WSBA and the Sections will annually review overall results and may seek to adjust the revenue sharing terms set forth in this policy to ensure that CLE programming and WSBA CLE Fund reserves are sustainable.

Mini-CLEs

WSBA CLE also supports Section CLE programming through a "mini-CLE" model. Mini-CLEs are seen as exclusively member-benefit programs. They do not exceed 2.0 credit hours in length and registration fees must be \$35 or less. For mini-CLEs, WSBA staff provides limited assistance at no charge to the Section (e.g. program accreditation, reporting and attendance tracking). Sections do much more of the preparation and production of seminars than regular CLE programming, and are responsible for working in collaboration with WSBA (e.g. following procedures outlined including timely notice, providing onsite registration personnel, etc.).

Section Expenses

A WSBA Section, by duly authorized act of the governing board or committee of the Section, shall be authorized to expend all money as budgeted without prior approval by the Board of Governors, provided the following conditions have been met:

- The expenditure is consistent with the approved budget and WSBA expense policies;
- The expenditure is within the goals of WSBA as defined by Supreme Court Rule or the Bylaws; and
- The expenditure does not violate the restricted acts of WSBA as defined by Supreme Court Rule, or WSBA or Section Bylaws.

If a Section wishes to spend funds otherwise, Section leadership should prepare a written request outlining the purpose and amount of the proposed expenditure and submit it to the Section Leaders Liaison who will submit it to the Chief Operations Officer.

Per-Member Charge

Each Section shall reimburse WSBA for the cost of administering the various Sections through an annual per-member charge. See Chapter 6, Expenses – Functional Accounting/Allocation of Indirect Expenses for details.

Expenses in Excess of Annual Budget

Personal Liability. (WSBA Bylaws as updated and approved by the Board of Governors on September 30, 2016)

Article V (B) 2 of the WSBA Bylaws states: "The financial obligation of the Bar to any Bar entity is limited to the amount budgeted ceases upon payment of that amount unless the BOG authorizes otherwise."

Article V (B) 3 of the WSBA Bylaws states: "Any liability incurred by any Bar entity, or by its members, in excess of the funds budgeted, will be the personal liability of the person or persons responsible for incurring or authorizing the liability."

Article V (B) 4 of the WSBA Bylaws states: "Any liability incurred by any Bar entity, or by its members, not in accordance with the policies of the BOG or in conflict with any part of these Bylaws, will be the personal liability of the person or persons responsible for incurring or authorizing the liability"

Expenses Over Budget – Chief Operations Officer Approval

Once a Section has reached its budgeted expenses for the year and spent any additional unbudgeted revenue, no further expenses for the Section will be paid unless a spending plan for the remainder of the fiscal year is approved by the Chief Operations Officer. Requests for additional expenses and a spending plan shall be submitted in writing to the Section Leaders Liaison.

Expenses Over Budget – WSBA Treasurer Approval

Unbudgeted expenses may not deplete the Section's reserve balance to less than 25% of the preceding fiscal year's expenditures. Approval by the WSBA Treasurer is required for unbudgeted expenses which total 25% or more of the Section's annual expense budget or \$1,000, whichever is greater. Requests for such expenditures shall be submitted in writing and approved prior to incurring an obligation for them. The Section leadership shall complete an Approval of Section Expenses in Excess of Annual Budget Form and submit it to the Section Leaders Liaison. The Section Leaders Liaison will inform the Section of the approval (or denial) of their request after review by the WSBA Treasurer and the Chief Operations Officer.

Expense Policies for WSBA Sections (updated and approved by the Board of Governors on July 23, 2016)

Sections shall comply with the expense policies of the WSBA (see Chapter 6, Expenses).
